### M.Tech. Students Selected for Summer Internships at SAC-ISRO and PRL, Ahmedabad

We are very happy to announce that our six, first-year M.Tech. students from our **Centre for Space Science and Technology** have been selected for esteemed summer internships at premier research institutions. Out of these, five students have gone to the **Space Applications Centre (SAC), ISRO**, **Ahmedabad**, and one student has gone to the **Physical Research Laboratory (PRL)**, **Ahmedabad**.

These internships will help the students learn new skills and gain practical experience in the field of space science and Technology. We congratulate all the selected students and wish them the best for their internships.
