Team ICC

The details are available at: https://iitr.ac.in/Centres/Institute%20Computer%20Centre/FacultyAcademic_Staff.html

Prof. Pradumn K. Pandey
Head, ICC

Dr. N. K. Gupta
System Programmer

Mr. Mukesh Kumar
System Programmer

Dr. Sanjeev Shukla
Sr. Scientific Officer

Mr. Kausik Chattopadhyay
Technical Officer III

Mr. Sandeep Sharma
Technical Officer I (on Deputation)

Dr. Usha Banerjee
Sr. Sc. Officer (On Contract)

ICC is having a dedicated team to support campus community. The team is consisting of System Programmers, Scientific Officers, Technical Officers, Technical staff members, Resident engineers, etc.

PARAM Ganga
(www.hpc.iitr.ac.in)

PARAM Ganga (www.hpc.iitr.ac.in)

- PARAM Ganga – High-Performance Computing (HPC) system under the NSM has been established at IIT Roorkee.
- The supercomputer PARAM Ganga is based on a heterogeneous and hybrid configuration of Intel Xeon Cascade lake processors, and NVIDIA Tesla V100. There are **312 (CPU+GPU+HM) nodes** with a total peak computing capacity of **1.67 (CPU+GPU+HM) PFLOPS performance**.
- The cluster consists of compute nodes connected with the Mellanox (HDR) InfiniBand interconnect network. The system uses the **Lustre parallel file system** and operating system is **CentOS 7.x**.

PARAM Ganga - System Configuration

System Specifications

Theoretical Peak Floating-point Performance Total (Rpeak)	1.67 PFLOPS
Base Specifications (Compute Nodes)	2 X Intel Xeon Cascadelake 8268, 24 Cores, 2.9 GHz, Processors per node, 192 GB Memory, 480 GB SSD
Master/Service/Login Nodes	20 nos.
CPU only Compute Nodes (Memory)	214 nos. (192GB)
GPU Compute Nodes (Memory)	20 (192 GB)
High Memory Compute Nodes	78 nos. (768GB)
Total Memory	104.832 TB
Interconnect	Primary: 100Gbps Mellanox Infiniband Interconnect network 100% non blocking, fat tree topology Secondary: 10G/1G Ethernet Network Management network: 1G Ethernet

CPU Only Compute Nodes

- ✦ 214 Nodes
- ✦ 10272 Cores
- ✦ Compute power of Rpeak 953.2 TFLOPS
- ✦ Each Node with
 - ✦ 2 X Intel Xeon Cascadelake 8268, 24 cores, 2.9 GHz, processors
 - ✦ 192 GB memory
 - ✦ 480 GB SSD

GPU Compute Nodes

- ✦ 20 Nodes
- ✦ 800 CPU Cores
- ✦ 204800 CUDA Cores
- ✦ Rpeak CPU 64 TFLOPS + GPU 312 TF
- ✦ Each Node with
 - ✦ 2 X Intel Xeon Cascadelake 6248, 20 cores, 2.5 GHz, processors
 - ✦ 192 GB Memory
 - ✦ 2 x NVIDIA V100 SXM2 GPU Cards
 - ✦ 480 GB SSD

High Memory Compute Nodes

- ✦ 78 Nodes
- ✦ 3744 Cores
- ✦ Compute power of Rpeak 347.33 TFLOPS
- ✦ Each Node with
 - ✦ 2 X Intel Xeon Cascadelake 8268, 24 cores, 2.9 GHz, processors
 - ✦ 768 GB Memory
 - ✦ 480 GB SSD

Workstations with GPU @ RS LAB

<https://rap.iitr.ac.in>

- ICC has conducive compute environment with good ambience and central air conditioning.
- Dedicated systems with specialized software/hardware required for students of B.Tech/M.Tech and PhD scholars during their Projects/dissertation/thesis period in the research Scholar Lab at ICC
- With remote access facility on 365x24x7 basis.
- Scientific and engineering software licenses being served through servers at ICC.

20 Nos. High End Workstation HP Z8 G4

- 2xIntel Xeon 5120, 2.2GHz, 24MHz 14C CPU
- 96GB(6x16GB)DDR4 2666 ECC REG
- 6TB 7200 SATA HDD ; 512 GB SSD
- NVIDIA Quadro P5000 16GB Graphic
- HP Remote Graphics SW (RGS)
- HP Z24nf G2 Display

5 Nos. Mid Range Workstation HP Z8 G4

- 2xIntel Xeon 4114, 2.2GHz, 24MHz 10C CPU
- 64GB(4x16GB)DDR4 2666ECC RAM
- 4TB 7200 SATA HDD; 512GB SSD
- NVIDIA Quadro P2000 5GB
- HP Remote Graphics SW (RGS)
- HP Z24nf G2 Display

Subject: IIT Roorkee - Staff/Student

IIT Roorkee - Staff/Student and
all visitors to sign in

Dear User,

A news item titled "OHS REQUEST - Students, staff and all visitors to sign in " has been posted on the Indian Institute of Technology Portal.

[View news item](#)

Please note this email has been sent from an unmonitored inbox. Please do not reply.

Your email address is associated to an account in Indian Institute of Technology . If you have received this email in error please contact the school directly. For legal or spam concerns please email support@iitr.ac.in
This email has been automatically generated.

Request you all to maintain cyber hygiene and compliance so that internal ids are not compromised and do not become vehicles for such phishing attempts.

Resources:

<https://www.iitr.ac.in/support/email/>

- **Avoid clicking on links** in any e-mail unless it is from a trusted source
- **Do not reply to e-mails** soliciting personal information
- **Never share** password / OTP / ID cards / Bank details / Credit Cards/etc.
- **Never remember** passwords on non-personal system
- **Sign off immediately** after use from non personal computers
- **Beware of** online Lotteries / Loan offers / Video Calls / Free Gifts / etc.

- Use **complex password** and change it periodically (typically every 6 months)
 - Use **two factor authentication** (Ex: OTP)(**Google Authenticator**)
 - If your account is compromised, inform all your contacts immediately
 - Inform us, **Inform on 1930** (toll free number)
 - Any emergency or financial help request: **confirm over phone**
 - **Be watchful always**
- 
- A faint, light gray illustration of a person lying down, possibly resting or sleeping, is visible in the background of the slide.

ETHICAL AND LEGAL USE OF SOFTWARE AND ITS COMPLIANCE

1. During your affiliation with IIT Roorkee, you should **never use unauthorized/pirated copies of any software or media** which are in breach of copyright.
2. Now as an informed user, you should understand that such a violation has **following implications**:
 - (i) Violation of Intellectual Property (IP) rights and possible **legal consequences** on account of wilful non-compliance
 - (ii) Unauthorized/pirated software are most likely to **contain malware and ransomware** infecting other devices in the network, which may lead to future losses and thefts
 - (iii) Even for an authorized software license, the terms of end-user license agreement should be adhered to. **An academic license is meant for academic use only** i.e., teaching and research and not for any commercial use. This violation of license agreement also falls under category of wilful non-compliance with **legal implications**.
3. You are expected never to install and use pirated/unauthorized software on any device under your administrative control. You should not indulge in any act that may be construed as use of pirated software.
