कार्यसूची/AGENDA

मुद्दा सं०/ Item No.	विवरण/Particulars	पृष्ठ/ Page(s)
108.1	सीनेट की 30.10.2025 को आयोजित हुई 107वीं बैठक के कार्यवृत्त की पुष्टि करना। To confirm the minutes of the 107 th Senate meeting held on 30.10.2025.	1-2
108.2	सीनेट की दिनांक 30.10.2025 को आयोजित हुई 107वीं बैठक में लिए गए निर्णयों के क्रियान्वयन पर की गई कार्यवाही को रिपोर्ट करना। To report on the actions taken to implement the decisions of the Senate taken in its 107 th meeting held on 30.10.2025.	3-7
108.3	'स्मार्ट जल संसाधन प्रबंधन में एक लघु विशेषज्ञता प्रोग्राम शुरू करने के लिए जल संसाधन विकास एवं प्रबंधन विभाग (WRDM) के प्रस्ताव पर विचार करना। To consider the proposal of Department of Water Resources Development and Management (WRDM) to introduce a minor specialization program in 'Smart Water Resources Management'.	8-12
108.4	'स्पेस साइंस एंड टेक्नोलॉजी' में एक लघु विशेषज्ञता प्रोग्राम शुरू करने के लिए सेंटर फॉर स्पेस साइंस एंड टेक्नोलॉजी (CSST) के प्रस्ताव पर विचार करना। To consider the proposal of Centre for Space Science and Technology (CSST) to introduce a minor specialization program in 'Space Science and Technology'.	13-15
108.5	एमबीए और ईएमबीए में एक नया स्पेशलाइजेशन, "इकोनॉमिक्स, स्ट्रेटेजी और पब्लिक पॉलिसी" शुरू करने के लिए प्रबंधन अध्ययन विभाग के प्रस्ताव पर विचार करना।	16-25

	To consider the proposal of the Department of Management Studies to add new specialization in MBA and EMBA as “Economics, Strategy, and Public Policy”.	
108.6	द्वितीय परीक्षा के दौरान अनुचित साधनों का उपयोग करने पर दंडात्मक प्रावधानों पर मौजूदा दिशानिर्देशों में संशोधन पर विचार करना। To consider the revision in the existing guidelines on penal provisions for using Unfair Means during the second examination.	26
108.7	कोर्स छोड़ने के मुद्दे पर कमिटी की रिपोर्ट पर विचार करना। To consider the report of the committee regarding the issue of course dropping.	27
108.8	बीएस-एमएस भौतिकी प्रोग्राम के लिए कोर्स शिफ्ट करने के संबंध में भौतिकी विभाग के प्रस्ताव पर विचार करना। To consider the proposal of the Department of Physics regarding the shifting of courses for the BS-MS Physics programme.	28
108.9	बी.टेक. इलेक्ट्रॉनिक्स एवं संचार अभियांत्रिकी प्रोग्राम के प्रोग्राम स्ट्रक्चर में बदलाव के संबंध में इलेक्ट्रॉनिक्स एवं संचार अभियांत्रिकी विभाग के प्रस्ताव पर विचार करना। To consider the proposal of the Department of Electronics and Communication Engineering regarding revision in the programme structure of B.Tech. Electronics and Communication Engineering programme.	29-30
108.10	एम.टेक. स्ट्रक्चरल इंजीनियरिंग के प्रोग्राम स्ट्रक्चर में बदलाव के संबंध में जानपद अभियांत्रिकी विभाग के प्रस्ताव पर विचार करना। To consider the proposal of the Department of Civil Engineering regarding revision in the programme structure of M.Tech. Structural Engineering.	31-34
108.11	पॉलिमर और प्रोसेस इंजीनियरिंग विभाग के ‘पॉलिमर साइंस में एम.एससी प्रोग्राम’ के प्रस्तावित प्रोग्राम स्ट्रक्चर पर विचार करना। To consider the proposed programme structure of the ‘M.Sc. Programme in Polymer Science’ of the Department of Polymer and Process Engineering.	35-38
108.12	मास्टर्स और पीएचडी एडमिशन के लिए मौजूदा MEQ में 4-साल की बीएस डिग्री को बी.टेक./बीई के बराबर मानने पर विचार करना। To consider the inclusion of 4-Year BS Degree as equivalent to B.Tech./BE in existing MEQ for Masters and PhD Admissions.	39-43
108.13	शैक्षणिक वर्ष 2026-2027 के लिए M.Tech./ M.Arch./ MURP प्रोग्राम में एडमिशन के लिए न्यूनतम शैक्षणिक योग्यता (MEQ) पर विचार करना।	44-56

	To consider the Minimum Educational Qualification (MEQ) for admission to M.Tech./ M.Arch./MURP programme for the Academic Session 2026-2027.	
108.14	परिवहन प्रणाली केंद्र (CTRANS) में पीएचडी प्रोग्राम में एडमिशन के लिए मिनिमम एजुकेशनल क्वालिफिकेशन (MEQ) पर विचार करना। To consider the Minimum Educational Qualification (MEQ) for admission to Ph.D. programme in the Centre for Transportation Systems (CTRANS).	57
108.15	एमबीए एडमिशन के संबंध में निम्नलिखित पर विचार करना: क. वर्ष 2026 से एमबीए प्रोग्राम के लिए स्वीकृत प्रवेश के अतिरिक्त आईआईटी ग्रेजुएट्स के एडमिशन पर विचार करना। ख. वर्ष 2026 से एमबीए एडमिशन के लिए सीटों में बढ़ोतरी पर विचार करना। ग. एमबीए एडमिशन के लिए प्रतिक्षासूची में शामिल उम्मीदवारों के लिए सीट पुष्टि राशि के प्रस्ताव पर विचार करना। To consider the following w.r.t. MBA Admission: A. To consider the admission of IIT graduates over and above the sanctioned intake for MBA programme from the year 2026 onwards. B. To consider the increase in seats for MBA Admission from the year 2026. C. To consider the proposal for seat confirmation amount for waitlisted candidates in MBA admission.	58-60
108.16	शैक्षणिक सत्र 2026-2027 के लिए निम्नलिखित प्रवेश/सीट मैट्रिक्स पर विचार करना: क. जैम 2026 के माध्यम से एम.एससी. एडमिशन के लिए सीट मैट्रिक्स। ख. M.Tech./M.Arch./MURP एडमिशन 2026 के लिए सीट मैट्रिक्स। ग. UG प्रोग्राम के लिए प्रवेश/सीट मैट्रिक्स। To consider the following intake/seat matrix for the Academic Session 2026-2027: A. Seat matrix for M.Sc. Admission through JAM 2026. B. Seat matrix for M.Tech./M.Arch./MURP Admission 2026. C. Intake/seat matrix for UG programmes.	61-64
108.17	एकीकृत शिक्षक शिक्षा कार्यक्रम (आईटीईपी) के अंतर्गत 4 वर्षीय बीएससी-बीएड (द्वितीय चरण) कार्यक्रम को शुरू करने के लिए एकीकृत शिक्षक शिक्षा कार्यक्रम कार्यान्वयन समिति (आईटीईपीआईसी) की रिपोर्ट पर विचार करना। To consider the report of the Integrated Teachers Education Programme Implementation Committee (ITEPIC) to operationalize the 4-year B.Sc-B.Ed. (Secondary Stage) programme under the Integrated Teachers Education Programme (ITEP).	65-81

108.18	शरद ऋतु सेमेस्टर 2026-27 के लिए शैक्षणिक कैलेंडर पर विचार करना। To consider the Academic Calendars for the Autumn Semester 2026-27.	82-86
108.19	लघु प्रोग्राम के लिए अलग CGPA बनाए रखने के प्रस्ताव पर विचार करना। To consider the proposal for maintaining a separate CGPA for the Minor Program.	87
108.20	रोलिंग / प्रोजेक्ट / एक्सटेंसिव प्रोफेशनल एक्सपीरियंस (EPE) कैटेगरी के अंतर्गत नए पीएचडी एडमिशन पर विचार करना। To consider the joining of new Ph.D. admissions under Rolling / Project / Extensive Professional Experience (EPE) Categories.	88-89
108.21	एक्सटेंसिव प्रोफेशनल एक्सपीरियंस स्कीम के तहत पीएचडी प्रोग्राम में एडमिशन के लिए पात्रता मापदंड में बदलाव पर विचार करना। To consider the revision in the eligibility criteria for admission to Ph.D. programme under Extensive Professional Experience Scheme.	90-94
108.22	शैक्षणिक वर्ष 2025-26 के दौरान विधिवत अर्हता प्राप्त करने वाले 122 रिसर्च स्कॉलर्स को पीएचडी डिग्री प्रदान करने पर विचार करना। To consider the award of Ph.D. Degrees to 122 Research Scholars, who have duly qualified during Academic Year 2025-26.	95-111
108.23	"डॉक्टोरल अनुसंधान में उत्कृष्टता पुरस्कार" पर कमिटी की सिफारिशों पर विचार करना। To consider the recommendations of the Committee on the "Excellence in Doctoral Research Award."	112-119
108.24	नये पुरस्कार/छात्रवृत्ति की स्थापना को रिपोर्ट करना। To report the Institution of new Awards/ Scholarships.	120-124
108.25	सीनेट के अध्यक्ष द्वारा दिए गए अनुमोदन को रिपोर्ट करना। To report the approvals accorded by the Chairman, Senate.	125-126
अन्य मुद्दे अध्यक्ष की अनुमति से/Under any other item with the permission of the Chair.		
108.26	M.Tech./M.Arch./MURP प्रवेश के लिए प्रवेश आवेदन में "विभागों/केन्द्रों/स्कूलों की संख्या पर प्रतिबंध हटाने" के संदर्भ में बदलाव करने पर विचार करना। To consider the modification in the admission application for M.Tech./M.Arch./MURP admissions in terms of "removal of restriction on the number of Departments/ Centres/Schools".	127-128
108.27	आईआईटी रुड़की की मानसिक स्वास्थ्य नीति के प्रस्ताव पर विचार करना। To consider the proposal of Mental Health Policy of IIT Roorkee.	129-190

Item No. 108.1: To confirm the minutes of the 107th Senate meeting held on 30.10.2025.

The minutes of the 107th Senate meeting held on 30.10.2025 were circulated to the members on 25.11.2025. Comment received from the Head, Physics Prof. Vipul Rastogi, on item no. 107.3 is placed at **Appendix-A.**

The Senate is requested to consider and confirm the said minutes.

Subject : Re: सीनेट की 107वीं बैठक का कार्यवृत्त/Minutes of the 107th meeting of the Senate. 1 attachment**To :** Meeting Section IIT Roorkee <meeting@iitr.ac.in>

To: The Registrar

This is with reference to the minutes of the meeting on agenda item number 107.3.

The screenshot of the agenda item is attached herewith.

According to the practice, only the minutes related to the agenda item are recorded, not the deliberations held on the sidelines of the agenda.

Starting such a practice, in my humble opinion, is not correct and may have far-reaching consequences in future.

It is, therefore, requested that the deliberations on renaming the Centre be deleted from the minutes of the meeting.

If required, the Centre may request a change in the name, which has been a practice so far, and a separate agenda item may be brought up in a future senate meeting.

Vipul Rastogi

Item No. 108.2: To report on the actions taken to implement the decisions of the Senate taken in its 107th meeting held on 30.10.2025.

Item No.	Reference to the Senate minutes	Extracts of the Minutes	Status of action taken
Actions taken to implement the decisions taken in 107th meeting of the Senate.			
107.3	To consider the proposal of Centre for Photonics and Quantum Communication Technology (CPQCT) to introduce a minor specialization in Quantum Technologies.	The Senate considered the recommendations of the IAPC and approved the following courses in Quantum Technologies under CPQCT: Core Courses 1. Computational Quantum Mechanics - 4 credits (2-0-4) 2. Laboratory course for Quantum Technologies (Programming) - 2 credits (0-0-4) 3. Laboratory course for Quantum Technologies (Hardware) - 2 credits (0-0-4) 4. Quantum Computing - 4 credits (3-1-0) Elective courses (only two to be chosen from the following list): 1. Quantum Information Theory - 3 credits (3-0-0) 2. Quantum Communication and Network Theory - 3 credits (3-0-0) 3. Quantum Optics for Quantum Computing - 3 credits (3-0-0) 4. Quantum sensing and imaging - 3 credits (3-0-0) 5. Quantum Devices - 3 credits (3-0-0) Further, the Senate deliberated on renaming the Centre with the aim of strengthening R&D efforts in line with the National Quantum Mission. Alternatives	Notified.

		suggested were "Centre for Photonics and Quantum Technology" (CPQT) and "Centre for Quantum Technology" (CQT). It was decided to finalize the name after consultation with stakeholder departments.																
107.4	To consider the proposal of Department of Mathematics to shift the course 'Seminar' from 1 st year 2 nd semester to 2 nd year 1 st semester of M.Sc. (Mathematics).	The Senate considered the recommendations of the IAPC and approved the proposal to shift the course 'Seminar' from 1st year 2nd semester to 2nd year 1st semester of M.Sc. (Mathematics), as under: <table><tr><th>Semester wise</th><th>Present credits</th><th>Revised credits</th></tr><tr><td>I</td><td>22</td><td>22</td></tr><tr><td>II</td><td>21</td><td>19</td></tr><tr><td>III</td><td>17/19</td><td>19/21</td></tr><tr><td>IV</td><td>14/16</td><td>14/16</td></tr></table> Further, the Senate opined that the 'load' in 1st semester from '22 credits' to '18' be considered. The department may discuss it. The Chairman, Senate has been authorized to approve the recommendation of the department in this regard.	Semester wise	Present credits	Revised credits	I	22	22	II	21	19	III	17/ 19	19/ 21	IV	14/16	14/16	Notified.
Semester wise	Present credits	Revised credits																
I	22	22																
II	21	19																
III	17/ 19	19/ 21																
IV	14/16	14/16																
107.5	To consider the Academic Calendars for Spring Semester 2025-26.	The Senate considered the Academic Calendars for Spring Semester 2025-26 and approved the same. Further, the Senate suggested that provision of MTE slots be provided for better flexibility to individual faculty in academic calendar instead of a fixed time period. A committee will look into this issue after consulting the departments involved in first year courses.	Notified, and a committee has been constituted.															

107.6	To consider the recommendations of the Committee constituted to review/update the Ph.D. Ordinances and Regulations.	The Senate considered the report of the Committee constituted to review and update the Ph.D. Ordinances and Regulations. The recommendations of the IRC were accepted with minor modifications, and recommended the same to the Board of Governors for consideration and approval. Further, the Senate suggested that PhD scholars should present a seminar on their research topic to the UG/PG students at least once in a year. Departments/ Centers/School are requested to prepare a schedule to this effect for every semester.	Recommendations will be placed before the Board in its next meeting.
107.7	To consider the Provision for Supervisor Selection by Externally Funded Ph.D. Scholars Admitted under MoU.	The Senate considered the recommendations of the IRC and approved the proposal that Ph.D. scholars admitted under externally funded categories (i.e., not supported by Institute Assistantships) be allowed to select their Ph.D. supervisors from the Institute faculty, subject to the consent of the concerned faculty. These scholars shall not be counted towards the limit/quota of Institute Assistantships per faculty supervisor. The Chairperson, out of the deliberations, also emphasized to encourage the new/young faculty to provide sufficient Ph.D. Scholars to take the research to the next level. It was opined that the more engagement of young faculty with supervision will lead to bringing more projects and writing research papers and proposals. The Heads should encourage all in the departments/centres/ schools to foster more collaboration with the industries.	Notified

107.8	To consider the award of 35 Ph.D. Degrees to the Research Scholars, who have duly qualified during Academic Year 2025-26.	The Senate considered and recommended to the Board of Governors to award 35 Ph.D. Degrees to the Research Scholars, who have duly qualified for the award of Ph.D. degrees, during Academic Year 2025-26.	Recommendations were approved by the Board.
107.9	To report the institution of new awards/scholarships.	The Senate noted the item. The Chairman advised establishing a large corpus to hike the scholarship amount from Rs. 20,000/- to at least Rs. 50,000/-.	Informed.
107.13	To consider the requests of the students under various categories. <u>Category-A: Name restoration and continuation of programme</u> <u>UG (14-n rule)</u> a) Mr. Ravishankar (Enr. No. 20119040), B.Tech. (P&I), IV Yr b) Mr. Mukul Labana (Enr. No. 22113095), B.Tech. (CE), IV Yr c) Mr. Veeresh Kalyanam (Enr. No. 22123048), B.Tech. (EPH), IV Yr d) Mr. Javaji Vishal Koushik (Enr. No. 22117062), B.Tech. (ME), IV Yr	The Senate considered the requests of the above named students. The same were not accepted.	Later, their 2 nd mercy appeal was accepted (approved) by the Chairman (Senate), reported at item No. 108.25.

	Category-B: Name restoration beyond permissible limit	The Senate considered the requests of the above named students. The same were not accepted.	Implemented.
107.14	To consider the requests of the ex-Ph.D. Research Scholars for reinstatement of their academic registration. (a) Mr. Abhishek Kumar (En. No. 22908001), ex-Ph.D. Research Scholar, Department of Chemical Engineering. (b) Mr. Anil Kumar Mathur (En. No. 19914028), ex-Ph.D. Research Scholar, Department of Electrical Engineering. (c) Mr. Manabendra Sandilya (En. No. 23927003), ex-Ph.D. Research Scholar, Department of Design.	The Senate considered the case and did not find merit in it. The same was not approved. The Senate considered the request and, noting his CGPA and progress report asked the IRC to re-examine. The Senate considered the case and did not find merit in it. The same was not approved.	Implemented. Reconsidered and reported at item No. 108.25. Implemented.
107.15	To consider the request of Mr. Mohit Bhartia (En. No. 21910027), ex-Ph.D. Research Scholar, Department of Civil Engineering, regarding the award of MS Research Degree.	The Senate considered the request of Mr. Mohit Bhartia, and accepted the recommendations of IRC. In case he registers after going through a fresh admission process, his credits may be allowed to transfer.	Implemented.
Item No. 107.10, 107.11, 107.12 were reporting.			

Item No.108.3: To consider the proposal of Department of Water Resources Development and Management (WRDM) to introduce a minor specialization program in 'Smart Water Resources Management'.

The WRDM Department in its DAPC meeting held on 26.09.2025 recommended the proposal to start a minor specialization program in 'Smart Water Resources Management'. The minutes of the DAPC meeting of are attached as **Appendix-A**.

The proposed program structure with Core & Elective will comprise the following:

S. No.	Course Code	Course Title	Credits	Contact Hours		
				L	T	P
Core compulsory courses (any 3 courses)						
1	WRC-503	Water Resources Planning and Management	4	3	1	0
2	WRC-538	Principles and Practices of Irrigation	3	2	0	2
3	WRL-620	River Engineering	3	2	0	2
4	WRL-604	Environmental Impact Assessment of Water Resources Project	3	3	0	0
5	WRL-650	Remote Sensing and GIS Applications in Water Systems	3	2	0	2
Elective Courses (any 3 courses)						
1	WRL-602	Data Analytics for Water Resources	3	2	0	2
2	WRL-670	Water and Wastewater Engineering	3	2	1	0
3	WRL-605	Circular Water Economy	3	3	0	0
4	WRT-501	Artificial Intelligence (AI) & Machine Learning (ML) for Water Resources	3	2	0	2
5	WRL-651	Sustainable Water Resources	3	2	1	0
6	WRL-635	Planning and Design of Small Hydro Power Schemes	3	2	1	0
7	WRT-502	Automation in Water Resources Management	3	2	0	2
8	WRL-613	System Design Techniques	3	2	1	0
9	WRL-601	Open Channel Hydraulics	3	2	0	2

Additionally, the students may take the following practical components on optional basis:

Laboratory and Field Work: Hands-on experience with hydrological instruments, water quality analysis, and GIS applications.

Project: Students may undertake a project related to real-world water management challenges.

The IAPC, in its 155th meeting held on 28.11.2025, recommended the proposal.

The above is submitted for the consideration of the Senate.

No. WR/DAPC/332

Date: 03.10.2025

Minutes of the DAPC Meeting held on September 26, 2025 (Friday)
in the Committee Room of the Department.

The following faculty members were present:

1.	Prof. Idhaya Chandhiran I	Member
2.	Prof. K.S. Kasiviswanathan	Chairman, DAPC
3.	Prof. Kritika Kothari	Member
4.	Prof. S. K. Mishra	Member
5.	Prof. Mohit Prakash Mohanty	Member
6.	Prof. Ellora Padhi	Member
7.	Prof. Ashish Pandey	Member

The **Departmental Academic Programme Committee (DAPC)** deliberated on the agenda items with the following outcomes:

Agenda 1 To discuss the proposal for the Open Elective Course- "Application of Computational Fluid Dynamics for Water and Wastewater Treatment" proposed by Prof. Anshul Yadav.

Minutes: DAPC recommended the course for further approval as per attached Annexure I

Agenda 2 To discuss the query received from the Academic Office regarding the proposed minor degree in Smart Water Resources Management.

Minutes: The DAPC resolved the queries and attached the revised course proposal as Annexure II.

Agenda 3 To discuss the elective courses to be floated for the upcoming Spring Semester.

Minutes: The course details are attached along with faculty names as Annexure III.

Agenda 4 Any other item with the permission of the Chair.

No other item/information was discussed.

The meeting concluded with a vote of thanks to the Chair

Minor Degree in Integrated Water Resources Management (IWRM)

Department of Water Resources Development & Management

Water resources play a critical role in sustainable development, influencing agriculture, industry, and urban planning. The proposed Minor Degree in IWRM aims to equip UG students with fundamental and applied knowledge of water resources, hydrology, and sustainable water management. This program will provide interdisciplinary training to address water-related challenges using scientific and engineering approaches.

Objectives

- To provide UG students with fundamental knowledge of water resources engineering.
- To develop expertise in hydrological modeling, water quality management, and climate-resilient water systems.
- To equip students with practical skills through laboratory work and field-based learning.
- To foster interdisciplinary learning by integrating concepts from civil engineering, environmental science, and data analytics.

Eligibility

- Open to undergraduate students from all disciplines at IIT Roorkee.
- Students must have completed at least two semesters before applying.
- The student has to take 18 credit courses from WRDM

Program Structure

The minor degree will comprise a total of 6 theory courses, one 1 lab course, including core and elective courses.

Core compulsory courses (any 3 courses)

1. Water resources planning and management
2. Principles and Practices of Irrigation
3. River Engineering
4. Environmental Impact Assessment of Water Resources Project
5. Remote Sensing and GIS in Water Resources

Elective Courses (3 courses)

1. Data analytics in water resources
2. Water and Wastewater Engineering
3. Circular water economy
4. Artificial Intelligence and Machine Learning in Water Resources
5. Sustainable water resources
6. Planning and design of small hydro power schemes
7. Automation in water resources management
8. System Design Techniques
9. Open Channel Hydraulics
10. Automation in water resources management

Practical Component (optional)

Laboratory and Field Work: Hands-on experience with hydrological instruments, water quality analysis, and GIS applications.

Project: Students may undertake a project related to real-world water management challenges.

Implementation and Administration

- The program will be coordinated by the Department of Water Resources Development & Management.
- Faculty members from WRDM and allied departments will contribute to course instruction.
- A Minor Degree Committee constituted by the department will oversee student admissions and curriculum updates.

K. J. [Signature]

**Chairman, DAPC
WRDM, IIT Roorkee**

Item No. 108.4: To consider the proposal of Centre for Space Science and Technology (CSST) to introduce a minor specialization program in ‘Space Science and Technology’.

The Centre for Space Science and Technology, in its CFC meeting held on 08.10.2025, recommended the proposal to start a minor specialization program in ‘Space Science and Technology’, starting from the Spring Semester of January 2026. The minutes of the CFC meeting is attached as **Appendix-A**.

The Program structure will comprise the following:

S. No.	Semester	Course Title	Credits	Contact Hours		
				L	T	P
1	B.Tech. 6 th Sem	SSL-516: Introduction to Space Science and Technology	4	3	1	0
2	B.Tech. 7 th Sem	SSC-507: Satellite System Technology	4	3	0	2
		SSL-517: Space Weather: Origins and Impacts	4	3	1	0
3	B.Tech. 8 th Sem	SSL-518: Materials and Manufacturing for Space	4	3	1	0
		SSL-505: Space Mission Design and Optimization	4	3	1	0

The IAPC, in its 156th meeting held on 09.01.2026, recommended the proposal.

The above is submitted for the consideration of the Senate.

No. CSST/ CFC/ 2025/.....152

04th December, 2025

The 16th Centre Faculty Committee (CFC) meeting was held on 04th December 2025 at 04:30 PM in the CSST, in the presence of following members:

1. Prof. S.H. Upadhyay, Head, CSST
2. Prof. Sandip Banerjee
3. Prof. Sumanta Sarkhel
4. Prof. Amalendu Patnaik
5. Prof. Rajib K. Panigrahi
6. Prof. B.V. Manoj kumar
7. Prof. Nachiketa Rai
8. Prof. Diptimayee Nayak
9. Prof. M.V.Sunil Krishna
10. Prof. Darshak Bhatt
11. Prof. Alka Rani
12. Prof. Sanchita Pal

The items on the agenda were considered, and the minutes are as follows:

For the kind attention of	Agenda Items
DoAA, ADoAA & All Faculty Members of CSST	Re-look on the course structure of Minor Degree on Space Science and Space Technology on IAPC's request CFC considers the proposal from CAPC in the line of suggestions from IAPC and approved as suggested by CAPC. The minutes of CAPC is attached, along with the course outline of Introduction to Space Science and Technology (SSL-515) .

The meeting ended with a vote of thanks by the member secretary CFC, CSST.

No. CSST/ CAPC/ 2025/151

02nd December, 2025

The Centre Academic Program Committee (CAPC) meeting was held on 02th December, 2025 at 10:30 AM in online mode, in the presence of following members:

1. Prof. S.H. Upadhyay, Head, CSST
2. Prof. Sandip Banerjee (Chairperson, CAPC)
3. Prof. Sumanta Sarkhel
4. Prof. B. V. Manoj Kumar
5. Prof. M. V. Sunil Krishna
6. Prof. Nachiketa Rai
7. Prof. Alka Rani
8. Prof. Sanchita Pal

The items on the agenda were considered, and the minutes are as follows:

For the kind attention of	Agenda Items																																						
All CAPC members of CSST and invited faculties	Re-look on the course structure of Minor Degree on Space Science and Space Technology on IAPC's request																																						
	In the line of suggestions by IAPC, the center in its CAPC meeting made few modifications in its course structure for the minor specialization program in space and technology, which are as follows:																																						
	<table><tr><th>S. No.</th><th>Semester</th><th>Course Title</th><th>Credits</th><th>L</th><th>T</th><th>P</th></tr><tr><td>1</td><td>B. Tech 6th Sem</td><td>Introduction to Space Science and Technology (SSL-515)</td><td>4</td><td>3</td><td>1</td><td>0</td></tr><tr><td rowspan="2">2</td><td rowspan="2">B. Tech 7th Sem</td><td>Satellite System Technology (SSC-507)</td><td>4</td><td>3</td><td>0</td><td>2</td></tr><tr><td>Space Weather: Origins and Impacts (SSL-516)</td><td>4</td><td>3</td><td>1</td><td>0</td></tr><tr><td rowspan="2">3</td><td rowspan="2">B. Tech 8th Sem</td><td>Materials and Manufacturing for Space (SSL-517)</td><td>4</td><td>3</td><td>1</td><td>0</td></tr><tr><td>Space Mission Design and Optimization (SSL-505)</td><td>4</td><td>3</td><td>1</td><td>0</td></tr></table>	S. Indian Institute of Technology Roorkee

Item No. 108.5: To consider the proposal of the Department of Management Studies to add new specialization in MBA and EMBA as “Economics, Strategy, and Public Policy”.

The Department of Management Studies, in its DFC meeting held on 28.07.2025, recommended the proposal to start a new specialization in MBA and EMBA "Economics and Public Policy". The detailed proposal along with the DFC minutes is attached as **Appendix-A.**

The proposal was sent to the Department of Humanities and Social Sciences for their views/comments. The department expressed reservation for the proposed specialization for MBA and EMBA programmes.

The IAPC, in its 156th meeting held on 09.01.2026, considered and debated the proposal at length and recommended it with slight modification in the specialization name i.e., “Economics, Strategy, and Public Policy."

The above is submitted for the consideration of the Senate.

**DEPARTMENT OF MANAGEMENT STUDIES
INDIAN INSTITUTE OF TECHNOLOGY ROORKEE**

To,
Dean of Academic Affairs
IIT Roorkee

Subject: Proposal to add new specialization in MBA and EMBA as “Economics and Public Policy”

This is to propose that department needs to start a new specialization as “**Economics and Public Policy**” in MBA and EMBA for the students to increase the interest in deep understanding of economic frameworks and public policy dynamics.

DFC has recommended for the same in meeting.

Head of Department

अध्यक्ष/Head

Department Faculty Committee Minutes

Departmental Faculty Committee meeting is held on 28th July 2025 at 04:00 PM to discuss proposal for Plan budget of the Department for FY 25-26.

The DFC recommended the proposal budget of Rs. 1.57 Cr for the FY 2025-26 under plan head of the department. Details are attached as Annexure A.

DFC also recommended to start a new specialization in MBA and EMBA "Economics and Public Policy" proposal is attached at Annexure B.

Meeting end with vote of thanks.

**Proposal for Economics and Public Policy Specialization in Master of Business
Administration (MBA) and PhD
Department of Management Studies**

1. Proposed Area of Specialization: Economics and Public Policy

2. Background, Need, and Objectives:

The 21st century witnessed a complex interdependence and global uncertainties across countries. These major changes have posed serious socio-economic challenges, ultimately challenging policymakers to make robust policies to solve these issues. Concomitant to this, a clear understanding of Economics and public policy is crucial for policymakers, entrepreneurs, researchers, and leaders. Though public policy doesn't confine itself to only economics, rather its domain encompasses a wide range of subjects from human resource management to finance, operations, data analytics, and AI, we take this step forward to introduce public policy in management training at DoMS. Further, a specialization in Economics and Public Policy is essential for addressing the current challenges and matching the growing demand for public policy at the academic and industry levels. Hence, we propose a separate specialization in Economics and Public Policy in the Department of Management Studies in the MBA and PhD to complement the academic and social relevance of the emerging field. The proposed Economics and Public Policy specialization is a timely academic and social need.

Relevance to MBA: The proposed specialization will be helpful for MBA graduates cum future managers to shape their idea and business decision to tackle the dynamic and complex environment. It would be beneficial to understand the policies, regulatory frameworks, and public governance more robustly. Further, the interplay between the business, macroeconomic conditions, environmental problems, and welfare programs cannot be ignored. Hence, offering this specialization in MBA would strengthen the understanding of the markets accurately and prepare the graduates as capable managers and policymakers.

Relevance to PhD: At the PhD level, this specialization will enable PhD scholars to conduct high-impact research on Economics and Public Policy. This will engage them with real-world challenges, contributing to building theoretical frameworks and empirical modelling to mitigate them. Further, this specialization will help to develop interdisciplinary finance and sustainability research. Overall, this proposed specialization will be a catalyst for policy-relevant research.

The major objective is to equip the students with advanced knowledge and skills in Economics and Public Policy and promote interdisciplinary and policy-oriented research.

3. Curriculum Structure for MBA

A. **Core Courses:** All the First Year Common Courses for MBA

B. **Elective Courses:** The students can opt for the courses from the basket below.

Course Code	Course Title	Credits	Term
BML-583	Money and Central Banking	1.5	5/6/7
BML-598	Financial Crisis Management	1.5	5/6/7
Needs Approval	Basic Econometrics	1.5	5/6/7
Needs Approval	International Trade	1.5	5/6/7
Needs Approval	Behavioural Insights and Public Policy	1.5	5/6/7
Needs Approval	Public Economics and Policy	1.5	5/6/7
Needs Approval	Public Policy for Climate Change	1.5	5/6/7
BMN-657	<i>Game Theory for Strategic Advantage</i>	1.5	4/5/6/7
BMN-621	<i>Spreadsheet Modelling</i>	1.5	4/5/6/7
BMN-622	<i>Business Analytics</i>	1.5	4/5/6/7

Note: BMN-657 (Game Theory for Strategic Advantage), BMN-621 (Spreadsheet Modelling), and BMN-622 (Business Analytics) are currently approved for Specialization in Operations and IS area and can be considered for dual specialization in Economics and Public Policy.

The PhD candidates can consider the above-listed courses for their coursework completion.

C. **Project/Dissertation:** Supervised Project in the Area of Economics and Public Policy for MBA

4. Eligibility Criteria:

For MBA (Similar to Department Criteria: CAT)

For PhD (MA/M.Sc. in Economics with NET/JRF/GATE)

5. Expected Outcomes Prospects:

A. **Specialization:** From the specialization point of view, MBA graduates can choose Economics and Public Policy for their first specialization. Further, the proposed area would complement the Finance and Operations Area for dual specialization.

B. **PhD and Research:** It will attract PhD candidates to pursue research and promote interdisciplinary and policy-oriented research.

C. **Institute Level:** The proposed area would enhance interdisciplinary research with other departments and centres like Humanities and Social Sciences and the upcoming Centre for Regulatory Affairs.

6. Faculty Expertise:

Name	Area of Specialization
Prof. Sujata Kar	Macroeconomics, Monetary Economics, Gender Issues
Prof. Rakesh Padhan	Open Macroeconomics, Time Series Econometrics

7. Conclusion

The Economics and Public Policy Area is an emerging specialization. Many Business Schools, including the Indian Institute of Management, have Economics and Public Policy as a specialization, area, group, or full-fledged department. For Instance, IIM Bangalore (Economics Area and Centre for Public Policy), IIM Ahmedabad (Economics Area and JSW School of Public Policy), IIM Calcutta (Economics Area and Public Policy and Management Group), IIM Kozhikode (Economics Area). IIM Lucknow (Economics and Business Environment Area) is widely known. Further among IITs, IIT Bombay has Economics and Public Policies as a Research Area, while IIT Delhi has the Economics Area. Needless to say, a large number of globally recognized universities and institutions also offer specialized degrees in Economics and Public Policy or Policy Making. In line with this trend, we proposed to expand DoMS' endeavour to prepare future managers with knowledge and expertise in the field of public policy. Without a doubt, we are yet to begin with the first steps towards specialization. Hence, it is time to move forward with this proposed specialization at DoMS, IIT Roorkee.

11

INDIAN INSTITUTE OF TECHNOLOGY ROORKEE

NAME OF Department/Center/School: Management Studies

Subject Code:

Course Title: Basic Econometrics

L-T-P: 3-0-0

Credits: 1.5

Subject Area: PEC

Course Outlines: Introduction to econometrics; Formulation of econometric modelling; Review of basic concepts; simple and multiple regression; properties of OLS estimator; statistical inference and hypothesis testing; problems of multicollinearity, omitted variables and parameter stability; spline function, categorical variables, logit models, multinomial logit models; stationarity and unit root testing; cointegration and testing for cointegration; modelling cointegrated systems

NAME OF Department/Center/School: Management Studies

Subject Code:

Course Title: International Trade

L-T-P: 3-0-0

Credits: 1.5

Subject Area: PEC

Course Outlines: Introduction: Globalization; Trade and Standard of Living; International flow of Goods, Services, Labor and Capital; Current International Economic Problems and Challenges; Theories of International Trade; The Basis for and Gains from Trade; Terms of Trade; Economic Growth and International Trade; Trade Restrictions and Tariffs; Non-Tariff Trade Barriers and New Protectionism; Balance of Payments; Exchange Rate Determination; The International Monetary System – World Bank and IMF; Past, Present and Future

NAME OF Department/Center/School: Management Studies

Subject Code:

Course Title: Behavioural Insights and Public Policy

L-T-P: 3-0-0

Credits: 1.5

Subject Area: PEC

Course Outlines: Definition of behavioural economics; Why behavioural economics? Concepts of heuristics & biases; Broadening of Rationality – effects and their definitions; Introduction to Prospect Theory – prospects & the phases of the process; Mental accounting – components, evaluations, budgeting, policy implications; Intertemporal choice models – discounted utility models, hyperbolic discounting, time inconsistency; Social preferences – altruism, inequality aversion, reciprocity; Behavioural games – ultimatum game, dictator game, punishment game, public goods game

INDIAN INSTITUTE OF TECHNOLOGY ROORKEE

NAME OF Department/Center/School: Management Studies

Subject Code: XXXX Course Title: Public Economics and Policy

L-T-P: 2-0-0 Credits: 1.5 Subject Area: PEC

Course Outlines: Introduction to Public Economics; Public Goods and Externalities; Pigouvian Taxes and Subsidies; Taxation: Principles and Types; Indian Tax Structure; Public Expenditure: Theories and Challenges; Public Debt and Fiscal Sustainability: Problems and Issues; Public Expenditure Management: FRBM Act; Fiscal Policy in India; Centre-State Financial Relation.

INDIAN INSTITUTE OF TECHNOLOGY ROORKEE

NAME OF Department/Center/School: Management Studies

Subject Code: XXXX Course Title: Public Policy for Climate Change

L-T-P: 2-0-0 Credits: 1.5 Subject Area: PEC

Course Outlines: Introduction to Climate Change: Basic Concepts; Importance of Climate Change; Climate Change Policy: Tools and Instruments; Carbon Credits; The Kyoto Protocol and Paris Agreement; Climate Change Regulatory Frameworks: National Action Plan on Climate Change (NAPCC); Net-Zero Targets: Challenges and Issues.

new specialization in MBA and EMBA as "Economics and Public Policy"

From : DAPC Chair HS <dapc@hs.iitr.ac.in>

Thu, Nov 27, 2025 03:11 PM

Subject : new specialization in MBA and EMBA as "Economics and Public Policy"

To : Dean AcademicAffairs <daa@iitr.ac.in>

Cc : D.R.Academic <dracademic@iitr.ac.in>, Head Humanities and Social Sciences <head@hs.iitr.ac.in>

Dear All,

Please find the minutes of the meeting held on 18th [November 2025](#) at 4:30PM in H301.

The following members attended the meeting:

1. Prof. Dipti Mayee Nayak
2. Prof. Falguni Pattanaik
3. Prof. Pratap Ch. Mohanty
4. Prof. Manish Kumar Singh
5. Prof. Rishman Jot Kaur Chahal
6. Prof. Shruti Sengupta
7. Prof. Aparajita Singh
8. Prof. Hari V
9. Prof. Vijay Victor
10. Prof. Aviral Marwal
11. Prof. Subir Sen

Agenda: Views/comments to include new specialization in MBA and EMBA as "Economics and Public Policy"

Resolution: The Economics discipline faculty discussed the proposal and have the following observations:

- (i) "Public Policy" is an existing specialisation in both the programmes offered by the discipline/ HSS Department namely, 5-years BS-MS Economics and 2-years M.Sc. Economics
- (ii) The courses proposed in the "specialisation" partially exists in the above two programmes and the courses offered by HSS are more comprehensive in nature.
- (iii) The discipline faculty already supported the idea of floating a separate entity (either a Department or Centre/School) under a similar name/nomenclature which is pending for discussion at Senate. Therefore, the economics faculty is concerned that the proposed idea may affect the plans of future expansion of the discipline.
- (iv) The vision of the economics discipline and its future expansion plans are all centered around the notion of having an independent entity with "Economics and Public Policy" as the primary theme. The discipline is, therefore, not in favour of the proposed specialisation for MBA and EMBA programmes.

The above minutes have the approval of Head, HSS.

Thank you.

Best regards,
Subir

Re: New Specialization in MBA

From : DAPC Chair MS <dapc@ms.iitr.ac.in>

Fri, Jan 16, 2026 03:38 PM

Item No. 108.6: To consider the revision in the existing guidelines on penal provisions for using Unfair Means during the second examination.

The Senate, in its 103rd meeting held on 19.12.2024, had approved the guidelines for handling the cases of Unfair Means during examination.

After the implementation of the existing guidelines for two sessions, it has been observed that there are several cases where a student is caught for carrying prohibited items repeatedly in more than one semester. However, the existing clause does not explicitly cover such instances. Consequently, these cases are presently being referred to the provision “Cases not covered above to be dealt by the Standing Committee of Unfair Means.”

To ensure consistency and uniformity, it is proposed that the *Level-2, Offence-II*, be revised as follows:

Severity of Offence	Existing Clause	Proposed Clause
<i>Level-2a Offence-II</i>	If a student is caught carrying prohibited items repeatedly during any of the examination in a semester, then the student be given a course backlog in all the exams in which the student was caught carrying such items.	a. If a student is caught carrying prohibited items repeatedly during any of the examinations in a semester, then the student be given a course backlog in all the exams in which the student was caught carrying such items. b. If a student is caught carrying prohibited items a second time in any subsequent semesters , then the student be given a course backlog in the course in which the student was caught for the second time.

The IAPC, in its 155th meeting held on 28.11.2025, recommended the proposal.

The above is submitted for the consideration of the Senate.

Progresses of Academic Processes at **IIT Roorkee**

Senate Meeting
(February 18, 2026)

Prof. Naveen K. Navani,
Dean of Academic Affairs

Pedagogy Workshop

Workshop on “The Art and Science of Learning and Teaching,” focusing on the pedagogical, andragogical, and heutagogical approaches to education.

Designed Task force for Use of **AI and AR/VR** Tools in Pedagogy and making policy for ethical use of AI by faculty and students in IIT Roorkee.

Slow Pace : Semester-wise Info

Result Session & Semester	Student moved out from Slow Pace	Total students under Slow pace
Autumn 2023-24	5	74
Spring 2023-24	9	62
Autumn 2024-25	3	93
Spring 2024-25	11	81
Autumn 2025-26	12	76 max

The number of students moving out of Slow Pace has increased in recent sessions, reaching the highest value (12) in Autumn 2025–26.

Active Research Scholars: After the Respective Convocations

Convocation	<5 years	>5yrs & <6yrs	>6yrs & <7yrs	>7yrs	Grand Total
2024	2750	212	59	31	3052
2025 (Current)	3288	83	27	16	3414

Min

Attendance APP: Dynamic monitoring of student attendance

Increase in no. of faculty members using the Attendance App

Decrease in the number of Attendance App-related queries reported

❖ Revamping of the attendance APP

- Provision to add attendance manually (if the student faces an issue with their device)
- Reporting of the same device use by different students
- Disabling of location-change apps when the attendance app is active
- Reporting of using different devices by the same student.

❖ Ease of use

- Takes a few minutes for a big class size
- On-site staff is available in LHC for assistance.
- WhatsApp no is displayed in every class for on-the-spot resolution of any dispute.
- Provision to manually upload the attendance for any day later if the faculty forgets their device, etc.

❖ A centralized biometric attendance system for PhD scholars is currently being set up across all departments/centres/school.

Academic Portals' Usage Data

Increase in the number of students naving more than 75% attendance

Session	Semester	Attendance >75% Yes
2024-25	Autumn	66%
2024-25	Spring	63%
2025-26	Autumn	70%

(**As reported by faculty members)

- Faculty members were given the option to verify online attendance and report students having more than 75% till last semester. (This data is used for faculty feedback)

In Spring 2025-2026, this option will not be provided.

Faculty members are supposed to use APP or upload classwise attendance on the portal for dynamic and true monitoring of students' attendance.

Decrease in the number of faculty members who declared their attendance policy on the portal

Session	Semester	Attendance Policy reported
2024-25	Autumn	41%
2024-25	Spring	47%
2025-26	Autumn	35%
2025-26	Spring	25%

- Attendance is mandatory, and faculty members can allocate up to 10 marks for attendance. However, they should declare their marking criterion in the class and **on the AIS portal under “attendance policy.”**, so that students cannot claim ignorance later.
- In spite of several reminders, the trend to declare the attendance policy is decreasing.

Highlights

UFM cases reported

Academic Year	UFM Count
2024-25	52
2023-24	24
2022-23	30

- Enhanced Robustness of Examination Processes
- Reporting of UFM cases
- Continual improvement in Academic Portals
- Swift disposal of Student Grievances
- Efforts to integrate departments' participation in Academic Processes
- Focus on NEP2020 outreach activities
- Striving to enhance the IIT ROORKEE brand value
- Full implementation of revised UG/PG curricula

Feedback RESPONSES submitted BY STUDENTS

 Worrying trend: students not filling out the feedback form!!

Outreach Activities

Item No. 108.7: To consider the report of the committee regarding the issue of course dropping.

A proposal to introduce a cap on the number of courses a student can drop or defer to maintain uniformity and fairness in academic progression was discussed by the IAPC, in its 155th meeting, held on 28.11.2025.

The following committee was constituted to look into the issue and provide recommendations thereon:

- | | |
|--|---------------|
| 1. Prof. Maheshanand, Head, MA | - Chairperson |
| 2. Prof. Vivek Pancholi, Prof. I/C, PIC | - Member |
| 3. Prof. Tulika Maitra, PH | - Member |
| 4. Prof. Falguni Pattanaik, ADoAA (Curriculum) | - Member |

The following are the recommendations of the committee:

1. A student seeking to withdraw from a course shall apply within the deadline specified in the Semester Academic Calendar.
2. A withdrawn course shall be recorded in the Grade Sheet as “Withdrawn” (W), and shall not be counted for CGPA calculation.
3. A maximum of two courses may be withdrawn during the entire program, irrespective of the category of the course (ICC/PCC/PEC/TEB/OEC). In exceptional circumstances, the Dean, Academic Affairs, may permit the withdrawal of more than two courses.
4. The last date for course withdrawal shall be specified in the Semester Academic Calendar, and shall be scheduled Fifteen days prior to the End-term Examination.

The IAPC, in its 157th meeting held on 04.02.2026, recommended the proposal.

The above is placed for the consideration of the Senate.

Item No. 108.8: To consider the proposal of the Department of Physics regarding the shifting of courses for the BS-MS Physics programme.

The Department of Physics, in its DFC meeting held on 22.09.2025, recommended the proposal of shifting one PCC and TEB courses for the BS-MS Physics programme. The proposed changes are as follows:

S. No.	Course	Existing	Proposed change
1	TEB-I	III year Spring semester	IV year Autumn semester
2	TEB-II	IV year Autumn Semester	IV year Spring semester
3	PHC-402: Advanced Mathematical Physics	IV year Spring Semester	III year Spring Semester

The proposed changes in credits are:

For 5 Years BS-MS (Physics)				For 4 Years BS-MS (Physics) (with EXIT option)	
Year/Semester wise		Present credits	Proposed credits	Present credits	Proposed credits
I	Autumn	No Change		No Change	
	Spring				
II	Autumn			No Change	
	Spring				
III	Autumn			No Change	
	Spring	20/ 23-24	22/25-26	20	22
IV	Autumn	20/23-24	18/21-22	20	18
	Spring	No Change		6	10
V	Autumn			–	
	Spring				

The IAPC, in its 155th meeting held on 28.11.2025, recommended the proposal.

The above is submitted for the consideration of the Senate.

Item No. 108.9: To consider the proposal of the Department of Electronics and Communication Engineering regarding revision in the programme structure of B.Tech. Electronics and Communication Engineering programme.

The Department of Electronics and Communication Engineering has submitted the following minor revisions in the B.Tech. Electronics and Communication Engineering programme structure. The proposed revisions are as follows:

S. No.	Course	Existing	Proposed change
1	CSE-101: Data Structures and Algorithms	I year Autumn semester	I year Spring semester
2	ECC-104: Digital Logic and Systems	I year Spring semester	I year Autumn semester
3	PHB-102: Quantum and Statistical Mechanics	II year Spring semester	To be removed
4	DAE-101: Computer Architecture	-	To be introduced in II year Spring semester

As per the UCRC report, the first semester of the first year is frozen, and only one programme related to PCC can be there in the first semester. Any other PCC is not permissible. In view of it, only the following changes can be considered:

S. No.	Course	Existing	Proposed change
1	PHB-102: Quantum and Statistical Mechanics	II year Spring semester	To be removed
2	DAE-101: Computer Architecture	-	To be introduced in II year Spring semester

Accordingly, there will be no change in the semester-wise credits and overall credits for degree; only the credits for BSC and ESC will change. The proposed changes in the total credits of the BSC and ESC are:

Components	Present credits	Proposed credits
BSC	20	16
ESC	8	12

The IAPC, in its 156th meeting held on 09.01.2026, recommended the proposal with the following:

1. As per the UCRC report, the first semester of the first year is frozen, so it is not feasible to shift the courses, i.e., CSE-101 and ECC-104.
2. Introduction of DAE-101: Computer Architecture in place of PHB-102 in II year Spring semester.

The above is submitted for the consideration of the Senate.

Item No. 108.10: To consider the proposal of the Department of Civil Engineering regarding revision in the programme structure of M.Tech. Structural Engineering.

The Senate, in its 100th meeting held on 06.03.2024, approved the programme structure of the M.Tech. Structural Engineering. The Department has submitted the following minor revisions in the programme structure, as detailed below:

1. Shifting of PEC (CEL-545: Finite Element Analysis) as PCC (CEC-567: Finite Element Analysis) in 1st semester.
2. Shifting of STAR (CET-503: Mechanics of Composites) as PEC (CEL-652: Mechanics of Composites).
3. Change in the credits and L-T-P of the following PCCs and PEC:

S. No.	Course	Existing	Proposed
1	CEC-561: Continuum Mechanics	4 (3-1-0)	3 (3-0-2/2)
2	CEC-563: Structural Dynamics	4 (3-1-0)	3 (3-0-2/2)
3	CEC-565: Behavior & Design of Steel Structures	4 (3-0-2)	3 (3-0-2/2)
4	CEC-567: Finite Element Analysis	4 (3-0-2)	3 (3-0-2/2)
5	CEL-652: Mechanics of Composites	3 (3-0-2/2)	4 (3-1-0)

There will be no change in the semester-wise credits and overall credits of the programme.

The revised programme structure is placed as **Appendix-A.**

The IAPC, in its 156th meeting held on 09.01.2026, recommended the proposal.

The above is submitted for the consideration of the Senate.

Item No. 108.11: To consider the proposed programme structure of the 'M.Sc. Programme in Polymer Science' of the Department of Polymer and Process Engineering.

The Department of Polymer and Process Engineering has proposed to start a new M.Sc. Programme in Polymer Science. The details of the programme are as follows:

Name of programme: M.Sc. Programme in Polymer Science

Minimum Educational Qualification (MEQ): The candidate should have a Bachelor's degree (Science) in a relevant field (e.g., Chemistry, Polymer Science, Chemical Engineering, or Material Science)

JAM Testpaper Codes: Chemistry (CY)

Proposed Intake: 22 (As per PCRC report, a new programme may be allotted maximum 15 seats)

Distribution of seats:

S. No.	Deptt.	Programme	Code	JAM Paper code	Gen (Non-PwD)	Gen (PwD)	EWS (Non-PwD)	EWS (PwD)	OBC (Non-PwD)	OBC (PwD)	SC (Non-PwD)	SC (PwD)	ST (Non-PwD)	ST (PwD)	Total Intake
1	Polymer and Process Engineering	M.Sc. Polymer Science	1807	CY	5	1	2	0	4	0	2	0	1	0	15

The program structure is placed as **Appendix-A.**

Inputs from the Department of Chemical Engineering and the Department of Chemistry were taken during the deliberation process. The IAPC, in its 157th meeting held on 04.02.2026, recommended the proposal with an intake of 15 seats.

The above is submitted for the consideration of the Senate.

Item No. 108.12: To consider the inclusion of 4-Year BS Degree as equivalent to B.Tech./BE in existing MEQ for Masters and PhD Admissions.

In accordance with the National Education Policy (NEP) 2020, many higher education institutions across the country have introduced 4-year Bachelor of Science (BS) programmes with enhanced coursework, research credits, and disciplinary specialization. These programmes aim to provide an undergraduate education framework comparable to existing professional degrees, including B.Tech.

Further, an email communication received from the Secretary Higher Education, and Director, IIT Madras provides clarification and support for recognizing the 4-year BS degree as an eligible qualification for admission to postgraduate programmes including M.Tech. and PhD. The communication highlights that the BS degree, being a four-year comprehensive programme, meets the academic expectations required for higher technical education, as at **Appendix-A**.

Justification:

- The 4-year BS curriculum under NEP 2020 includes advanced coursework, sufficient credit requirements, and research exposure comparable to a B.Tech. programme.
- Recognition of this degree is consistent with national reforms and academic practices being adopted by leading institutions, including IIT Madras.
- This will broaden opportunities for meritorious students and ensure alignment with contemporary educational standards.

In view of the above, it is proposed that the 4-year BS degree may be considered equivalent to the B.Tech. degree for the purpose of eligibility for admission to Masters and PhD programmes at the Institute. This equivalence would enable candidates possessing a 4-year BS degree to apply for Masters and PhD programmes, subject to meeting department-specific criteria and any additional requirements such as GATE qualification, where applicable. If approved, it will be included in existing MEQs.

The IAPC, in its 156th meeting held on 09.01.2026, recommended the proposal. However, JEE (Advanced) qualified candidates will be exempted from GATE.

Also, the IRC, in its 76th meeting held on January 7, 2026, vide item no. 76.2.10, considered the proposal and recommended the inclusion of a 4-year B.S. degree as equivalent to B.Tech./B.E. in the existing MEQ for Ph.D. admissions.

The above is submitted for the consideration of the Senate.

Subject: Re: IIT Madras BS program's eligibility for MTech admissions at IIT Roorkee

Dear Prof. Naveen,

I also wish to add that this Degree program is approved by the Senate and BoG of IIT Madras. All academic activities are governed by the Department of Data Science and AI, Board of Academic Courses, and the Senate of IIT Madras.

The Ministry of Education has also issued a D.O. (please find attached) suggesting that these degrees can be considered eligible wherever BSc + MSc programmes are presently considered as eligible.

regards,

prathap

Subject: IIT Madras BS program's eligibility for MTech admissions at IIT Roorkee

Dear Prof. Naveen Kumar Navani,

This is Prof. Prathap Haridoss, Dean Academic Courses, IIT Madras.

As you might be aware, IIT Madras launched a non-campus BS degree program in Data Science and Applications in 2020. We understand that your institution does not consider degrees earned through online or distance mode as eligible for admission to a master's program. We want to point out that **IIT Madras' BS program does not follow the typical online degree or distance education model, we believe it is more appropriate to consider it as a regular-hybrid degree.** This hybrid program is carefully designed to impart strong fundamental knowledge and hands-on training. As the first batch is graduating with the 4-year BS degree, we are reaching out to you to detail how this BS degree is different from other online and distance mode programs and why it should be considered as one of the eligible degrees for admission to the master's programs offered at your institution.

- **Eligibility in other premier institutions:** Almost all foreign universities and leading Indian institutions, such as IISc, IIT Bombay (C-MInDS), IIT Guwahati, IIT Gandhinagar, IIT Palakkad, IIT Ropar, etc., recognize this BS program as an eligible degree for admission to their master's programs.

- **Continuous in-person evaluation:** While the content delivery for the program is online, all assessments are conducted in person at exam centers. The course has continuous in-person evaluation in the form of quizzes every month. Through this rigorous process, the program is designed so that only the best students progress to earn this BS degree.
- **Extended selection mechanism:** This program adopts a model that is comparable to the Chartered Accountancy (CA) course. The program is designed to admit a large number of students to the foundation level of the program through a qualifier exam. However, students must complete each level before entering the next level of the program. Our data shows that roughly 27% of the applicants qualify for admission to the foundation level, and less than 2.5% of the students who join the program (i.e., roughly 0.5% of the applicants) complete the BS degree within 4 years. The data for the students who joined in January 2021 is given in the annexure for your reference.
- **Practical lab components:** There are significant lab and hands-on components in programming, ML and data analysis as part of the program. Core courses such as Python Programming, Programming Data Structures and Algorithms, Programming with Java, Database Management Systems, Machine Learning Practice, System Commands (Linux Shell) and Software Engineering have a mandatory practical component. Students can pass these courses only if they successfully complete the practical and theory components independently.
- **Projects:** The program also has 4 projects at the diploma level, viz., Modern Application Development Projects 1 and 2, Machine Learning Project, and Business Data Management Project. These projects involve hands-on laboratory-type work as well as field work, and are done individually. They are assessed by an hour-long one-on-one viva done by industry professionals and program instructors. Students can move to the degree level of the program ONLY if they successfully complete these projects with a CGPA > 7.0.
- **Outcome in national exams:** Our BS students have secured 3 of the top 10 ranks (AIR 1, 7, and 10) in the Data Science and Artificial Intelligence (DA) paper of the GATE 2025 exam. It is important to note that none of these 3 students have a BE/BTech degree. Also, one of these students (AIR #10) has pursued the BS degree as his sole undergraduate degree.

We also would like to note that all IITs admit students who come from open schooling for BTech admission, as long as students clear JEE Advanced. Similarly, we believe **good students who graduate from IIT Madras' BS program and successfully clear the GATE exam deserve to be considered for admission to master's programs at IITs**. Considering these aspects, we request that IIT Madras' BS be considered an eligible degree for admission to your master's programs.

If you have any queries or would like to discuss them with us further, we will be happy to meet you online or visit you in person. Please find attached an annexure which provides further details that might help you understand the program better.

With regards,

Prathap Haridoss

D.O. No. 13-50/2024-TC

Dated: 20th September, 2024

Dear Sir / Madam,

Traditionally, Higher Education Institutions (HEIs) have admitted students with UG degrees of at least 4-year duration, such as BE, BTech, BArch, BPharm, BVSc, or equivalent, to their ME/MTech/equivalent, MS (by research), and PhD programs. In a combined 4-year program, advanced courses are introduced in the final year enabling students to shift to careers in research directly after graduation. This is the main reason why 4-year degrees are accepted for admission to research programs globally. Traditionally, since bachelor's degrees in science have been 3-year degrees, students graduating with BSc were required to do an additional 2 years of MSc to prepare themselves for research.

2. In backdrop of the National Education Policy (NEP) 2020, 4-year BS degree is now being offered by top institutions. These unique programs, designed based on the National Education Policy 2020, admit students through an inclusive qualifier exam and offer multiple entry and exits. (Many IITs and other top institutions have started BS programs as 4-year degrees where the students must complete 142 credits, which is similar to the number of credits in BTech programs of many IITs.)

4. In the present circumstances, it is felt that time has come to revisit the eligibility criteria for admission to research programs of Indian institutions.

5. I shall be grateful, if you could examine within the institute to treat the BS 4 year degrees as eligible degrees for all programs that had earlier considered a 3-year BSc + 2-year MSc to be eligible. This will enable Indian institutions to be viable destinations of further studies for students of 4-year BS programs, which are standard undergraduate degrees as per the principles espoused by the National Education Policy, 2020.

Regards.

Yours sincerely,

(K. Sanjay Murthy)

Directors of all CFTIs

Item No. 108.13: To consider the Minimum Educational Qualification (MEQ) for admission to M.Tech./ M.Arch./MURP programme for the Academic Session 2026-2027.

The IAPC, in its 156th meeting held on 09.01.2026, considered the program wise MEQs and recommended the proposal with modifications. The modified MEQ is attached as **Appendix-A**.

The above is submitted for the consideration of the Senate.

Programme wise Minimum Educational Qualification for M.Tech./M.Arch./M.U.R.P. Admission 2026-27 onwards

Item No. 108.14: To consider the Minimum Educational Qualification (MEQ) for admission to Ph.D. programme in the Centre for Transportation Systems (CTRANS).

The Centre for Transportation Systems (CTRANS) on the recommendations of the 75th IRC meeting proposed the following Minimum Educational Qualification (MEQ) for Ph.D. programme:

Existing MEQ	Proposed MEQ
M.Tech./M.Arch./M.Planning / M.Des./MBA or equivalent degree in Civil Engg. / Mechanical Engg / Industrial Engg. / Production Engg. / Computer Science & Engg. / Chemical Engg. / Infrastructure Systems/ Biotechnology / Architecture / Planning / Urban Engg. / Business Administration /Automobile Engg. / Mechatronics Engg.	1. M.Tech./M.Arch./M.Plan./MBA/ MS(R) or equivalent Master's degree in Civil Engg./ Mechanical Engg. /Industrial Engg./ Production Engg./ Computer Science Engg./ Data Science/ Infrastructure Systems /Transportation Systems / Biotechnology/ Architecture/ Planning/ Business Administration/ Automobile Engg./ Mechatronics Engg./ Environmental Science / Economics / discipline related to Transportation. OR 2. B.Tech. / B.Arch. / B.Plan. / B.S. (4 years) / M.Sc./ or equivalent Bachelor's degree in Civil Engg./ Mechanical Engg./ Industrial Engg./ Production Engg./ Computer Science Engg./ Data Science/ Transportation Systems/ Biotechnology/ Architecture/ Planning/ Automobile Engg./ Mechatronics Engg./ Environmental Sciences / Economics / discipline related to Transportation.

The IRC, in its 76th meeting held on January 7, 2026, considered and recommended the proposed revisions to the MEQs, with the inclusion of Chemical Engineering, Maritime Transportation, and Aeronautical Transportation in the list of eligible disciplines.

The above is submitted for the consideration of the Senate.

Item No. 108.15: To consider the following w.r.t. MBA Admission:

A. To consider the admission of IIT graduates over and above the sanctioned intake for MBA programme from the year 2026 onwards.

For attracting the IIT graduates for MBA programme, it is proposed to offer all recommended candidates over and above the sanctioned intake apply for MBA programme under IIT graduates category from the year 2026 onwards who are fulfilling the eligibility criteria for admission i.e. IIT graduates (admitted through IIT-JEE) with a CGPA 7.0 or above on 10-point scale.

Earlier the merit list of IIT graduates was prepared on the basis of interview along with the CAT qualified candidates and admissions were offered as per merit within the sanctioned intake. This is creating conflict in final merit preparation.

To streamline the admission process and avoid such conflicts, it is proposed that eligible IIT graduates be offered admission against supernumerary seats, similar to the existing practice followed in M.Tech./M.Arch/MURP programmes, where seats for IIT graduates are already supernumerary. Exemption from CAT will also be extended, similar to the GATE exemption extended to M.Tech./M.Arch/MURP programmes.

The IAPC, in its 156th meeting held on 09.01.2026, recommended the proposal.

B. To consider the increase in seats for MBA Admission from the year 2026.

The category wise existing intake for MBA Admission is as under:

Category	General	Gen-EWS	OBC-NC	SC	ST	Total
Intake	38	10	26	14	7	95

The department has stated that considering sanctioned student strength as a major component in NIRF and available intake in sister IITs (IIT Delhi 158, IIT Bombay 198, IIT Kharagpur 206), a need for increasing the intake was emphasized. Feedback of different recruiters was also considered. Due to smaller batches,

some recruiters are reluctant to come for campus placement.

The DFC of the Department of Management Studies has proposed to increase the number of seats to 150. This increase will not require additional resources for teaching purpose. It will also maintain the existing healthy FSR. The category wise distribution of proposed seats is as under:

Category	General	Gen-EWS	OBC-NC	SC	ST	Total
Intake	61	15	41	22	11	150

The admission statistics for the last three years are:

Year	Mode of Interview	Sanctioned intake	Filled Seats	Vacant seats	Admitted under Golden Girl Scheme (Supernumerary)
2025-26	Offline (conducted in 4 cities)	95	71	24	5
2024-25	Offline /Online	95	77	18	3
2023-24	Online	95	82	13	0

The IAPC, in its 156th meeting held on 09.01.2026, considered the proposal and recommended to increase the seats to 110.

C. To consider the proposal for seat confirmation amount for waitlisted candidates in MBA admission.

As per the existing admission policy, offers for MBA admissions are issued in multiple rounds based on the availability of vacant seats. While a majority of candidates initially accept the offer and pay the applicable fees, it has been observed that approximately 40% of the candidates withdraw their admission at a later stage, prior to registration. This results in the need to conduct multiple additional admission rounds, and in some cases, seats still remain vacant.

To address this issue and ensure better seat utilization, the DFC of the department of Management studies has proposed to collect the seat confirmation amount for waitlisted candidates in MBA admission. A

waitlisted candidate will only be given offer letter when he/she has deposited a security amount of Rs 50,000. This security amount will be adjusted in the regular fee, when the admission is offered to the candidate. In case admission is not offered, this amount will be refunded to the candidate. In case, a candidate does not accept the offer after depositing the seat confirmation amount, this amount will be forfeited.

The IAPC, in its 156th meeting held on 09.01.2026, considered the proposal of the department and the following points were recommended:

1. After completion of the first round of MBA admissions, candidates remaining on the merit list shall be required to deposit a security amount of ₹50,000/- in order to be considered for wait listing.
2. The seat confirmation amount of ₹50,000/- shall be treated as follows:
 - a. Adjusted against the regular admission fee, if the candidate joins the Institute/Programme.
 - b. Refunded in full, if the Institute does not offer admission to the candidates.
3. In case a candidate is offered admission in the first round, accepts the offer, and deposits the applicable admission fee, but later withdraws the admission:
 - a. In case a candidate is offered admission in 1st round and accepts the offer by paying the applicable fees; but later withdraws the admission, an amount of Rs. 5000 shall be deducted in refund as processing fee which is similar to existing M.Tech./MURP/M.Arch. admission rules.
 - b. In case a waitlisted candidate is offered admission in any subsequent round, and subsequently, the candidate rejects offer or withdraws admission later, an amount of Rs. 5000 shall be deducted in refund as processing fee which is similar to existing M.Tech./MURP/M.Arch. admission rules.

The above is submitted for the consideration of the Senate.

Item No. 108.16: To consider the following intake/seat matrix for the Academic Session 2026-2027:

A. Seat matrix for M.Sc. Admission through JAM 2026.

B. Seat matrix for M.Tech./ M.Arch./ MURP Admission 2026.

C. Intake/seat matrix for UG programmes.

The IAPC, in its 155th, 156th & 157th meetings held on 28.11.2025, 09.01.2026 & 04.02.2026, respectively, recommended the following intake/seat matrix for the Academic Session 2026-27:

A. Seat matrix for M.Sc. admission 2026 through JAM, as at **Appendix-A.**

B. Seat matrix for M.Tech./ M.Arch./MURP Admission 2026 with some modifications, as at **Appendix-B.**

C. Intake/Seat matrix for UG programmes, as at **Appendix-C.**

The above is submitted for the consideration of the Senate.

Appendix 'A'
Item No. Senate / 108.16

20.	B. Design (4-year Bachelor of Design)	20	20
Grand Total of UG seats		1373	1373

Item No. 108.17: To consider the report of the Integrated Teachers Education Programme Implementation Committee (ITEPIC) to operationalize the 4-year B.Sc-B.Ed. (Secondary Stage) programme under the Integrated Teachers Education Programme (ITEP).

The BoG, in its 72nd meeting held on 15.04.2025 vide Item No. 72.6, approved that a 4-year B.Sc-B.Ed. (Secondary Stage) programme under the Integrated Teachers Education Programme (ITEP) will be started at Saharanpur Campus of IIT Roorkee with an initial intake of 50 in the disciplines of Mathematics & Chemistry (@ 25 each).

An Integrated Teachers Education Programme Implementation Committee (ITEPIC) comprising the following members was constituted to operationalize the programme.

- | | |
|---|---------------|
| 1. Dean, Saharanpur Campus | - Chairperson |
| 2. Prof. Uday Singh, Deptt. of MA | - Member |
| 3. Prof. Ravindra Pandey, Deptt. of CY | - Member |
| 4. Prof. Jaydev, Deptt. of AMSC | - Member |
| 5. Prof. KR Naveen, Deptt. of PE | - Member |
| 6. Assoc. Dean of Academic Affairs (Curriculum) | - Member |
| 7. Assistant Registrar (Curriculum) | - Convener |

The committee has submitted its recommendations on the following points:

- a) Establishment of new Department: A new academic entity, namely the Department of Science Education, be established at the Saharanpur Campus for the effective conduct and administration of the Integrated Teachers Education Programme (ITEP).
- b) Eligibility criteria: Applicants seeking admission to the B.Sc-B.Ed programme at IIT Roorkee must fulfil the following requirements:
 - Academic Qualification:
Completion of Class XII from a recognised Board or University with a minimum aggregate of:
 - 60% for General, OBC, and EWS categories
 - 55% for SC, ST, and PwD categories
 - Subject Requirements:
Candidates must have studied Physics, Chemistry, and Mathematics (PCM) at the Class XII level.

- National Common Entrance Test (NCET) Score: Candidates must have appeared for NCET 2026, conducted by the National Testing Agency (NTA), with Mathematics, Physics, and Chemistry as the selected domain subjects.

Minimum Educational Requirements		
Academic Programme	MEQs for Admission	Essential Subjects at 10+2 and NCET
B.Sc-B.Ed (Secondary Stage)	10+2 with minimum 60% for General, OBC, and EWS categories and 55% for SC, ST, and PwD categories at class XII	Physics, Chemistry and Mathematics at Class XII in the combination of subjects and the above three as domain subjects in NCET 2026

Note: The category indicated on the applicant's NCET Score Card will be used for determining reservation eligibility. Reservation and the Seat Matrix will follow the roster prepared in accordance with Government of India norms.

- c) Admission process: For the Admissions Cycle of 2026-2027, the merit list would be prepared based on the subject-wise percentiles of the 7 subjects (Physics, Chemistry, Mathematics, General Test, Teaching Aptitude, Language 1 and Language 2), using the following formula.

$$\text{Merit Score} = 0.8 \times (\text{Average of Percentiles of Physics, Chemistry, Mathematics, General Test, \& Teaching Aptitude}) + 0.2 \times (\text{Average of Percentiles of Language 1 and Language 2}).$$

A category-wise rank list will be created based on this score.

The admission counselling process for the B.Sc-B.Ed programme will be carried out by IIT Roorkee.

- d) Fee structure: Attached as **Appendix-A**.
- e) Programme structure: The discipline wise programme structures are attached as **Appendix-B** and **Appendix-C** respectively.

The IAPC, in its 157th meeting held on 04.02.2026, recommended the proposal.

The above is submitted for the consideration of the Senate.

Item No. Senate / 108.17

INDIAN INSTITUTE OF TECHNOLOGY ROORKEE

PROPOSAL STRUCTURE OF FEES / CHARGES

B.Sc. - B.Ed.

Particulars	Autumn	Spring
I. Semester Fees (To be paid every Semester)		
1. Institute Fees		
(a) Tuition Fees – Gen/Gen-EWS/OBC	30000	30000
(b) Tuition Fees – SC/ST/PWD	0	0
2. Semester charges		
(a) Student Establishment & Maintenance	7000	7000
(b) Medical Insurance	1500	0
(c) Career Development Cell (CDC)	300	300
(d) Miscellaneous	2500	2500
Total (a+b+c+d)	11300	9800
3. Hostel Charges (Per Semester)		
(a) Accommodation	5000	5000
(b) Electricity*	2500	2500
Total (a+b)	7500	7500
II. One time payments at the Time of Admission	6000	0
III. Deposits (Refundable)		
(a) Institute Caution Deposit	1000	0
(b) Library Deposit	2000	0
Total (a+b)	3000	0
IV. Mess Charges		
(a) Mess Advance towards Food Charges**	21750	21750
(b) One Time Mess Admission Fee	4000	0
(c) Mess Security (Refundable)	2000	0
Total (a+b+c)	27750	21750
Grand Total for Gen/Gen-EWS/OBC	85550	69050
Grand Total for SC/ST/PD	55550	39050

NOTE:

- * This is the minimum charge for Bachelor Hostel. For married accommodation charges will be as per actual.
- ** Mess Advance towards food charges is subject to adjustment as per actual.
- In case of conversion from Dining & Residing to Non-dining & Non-residing after the fee submission than the accommodation and electricity charge will not be refundable.

DEPARTMENT OF **SCIENCE EDUCATION**
 INDIAN INSTITUTE OF TECHNOLOGY ROORKEE

B.Sc.- B.Ed. in Chemistry (Secondary Stage)

Credit Structure

S. N.	Components	Credit
1	Student Induction Program (Two-week Induction Program)	Non-Credit
2	Foundations in Education + Basic Sciences Courses	30 (28+06)
3	Disciplinary/Interdisciplinary courses	64 (PCC 44+PEC 24 =68)
4	Ability Enhancement and Value-Added courses	28 (22)
5	Stage-specific content-cum-pedagogy	16 (16)
6	School Experience	20 (18)
7	Community Service	02 (02)
	Total	160 (160)
	Additional 18-20 credits for Minor in Other Discipline	178-180

Teaching Scheme

Year	Credits		
	Autumn Semester	Spring Semester	Year-wise
I	22	20	42
II	24	22	46
III	20	20	40
IV	22	10	32
Grand Total			160 (160)
Total with Minor Specialization Courses	Additional 18-20 credits (mentioned in the parentheses)		178-180

Non-Credit Elements (NCE)

S. N.	Components	Maximum	Minimum	Comments
1	Discipline (DIS)	16	8	To be evaluated by DoSW
2	NCC/NSS/NSO	8	4	To be evaluated by DoSW
3	Internship (INT)	24	8	1 week internship= 1 unit (To be coordinated by Departments/Centres/School)
4	Participation in professional development programs by experts (PPD-1 & PPD-2)	8	4	To be coordinated by Departments/Centres/School (2 nd , and 3 rd Years)
Minimum non-credit to be earned: 24

Item No. 108.18: To consider the Academic Calendars for the Autumn Semester 2026-27.

The Calendar Committee, in its meeting held on 30.01.2026, recommended the following Academic Calendars for the Autumn Semester 2026-27 with modifications:

- (i) All programmes other than MBA
- (ii) MBA programme

The modified Academic Calendars were considered in the 157th meeting of the IAPC held on 04.02.2026 and recommended with modifications. The revised Academic Calendars are attached as **Appendix-A**.

The above is submitted for the consideration of the Senate.

For All Programs (Other than MBA)

S.N.	Details	Date	Day
1	Admission cum Academic Registration for new Ph.D. and Masters' students	14.07.2026	Tuesday
2	Academic Registration for existing students in physical mode	14.07.2026 15.07.2026	Tuesday - Wednesday
3	Orientation Program for new Ph.D. and Masters' students	15.07.2026	Wednesday
4	Commencement of Classes (except UG I year)	16.07.2026	Thursday
5	Re-examination and second examination (for Spring Semester 2025-26)	16.07.2026 -18.07.2026	Thursday - Saturday
6	Academic Registration for new UG students *	24.07.2026	Friday
7	Orientation Program – Newly Admitted UG Students	25.07.2026 -26.07.2026 01.08.2026 -02.08.2026	Saturday - Sunday
8	Commencement of Classes for UG I year *	27.07.2026	Monday
9	Last date for Academic Registration with a late fine	31.07.2026	Friday
10	Last date for adding/changing courses for all programs	03.08.2026	Monday
11	Last date for submission of mandatory documents for newly admitted students	27.08.2026	Thursday
12	Convocation 2026 #	19.09.2026 OR 26.09.2026	Saturday
13	Mid-Term Examinations (except Sunday)	10.09.2026 -15.09.2026	Thursday - Tuesday
14	Last date for informing the students about performance in MTE and internal assessment	28.09.2026	Monday
15	Submission of the feedback/response form - I on the online portal	28.09.2026 -01.10.2026	Monday - Thursday
16	Sangram 2026	03.10.2026 -04.10.2026	Saturday - Sunday
17	Thomso 2026	23.10.2026- 25.10.2026	Friday- Sunday
18	Last date for withdrawal of courses	05.11.2026	Thursday
19	Submission of the feedback/response form - II on the online portal	05.11.2026 -11.11.2026	Thursday- Wednesday
20	Last date of teaching	11.11.2026	Wednesday
21	End Term Examinations (excluding Sunday and declared holidays)	13.11.2026 -24.11.2026	Friday - Tuesday
22	Institute Foundation Day	25.11.2026	Wednesday
23	Last date of showing the End Term Examinations answer scripts	01.12.2026	Tuesday
24	Last date of electronic communication of grades to students	03.12.2026	Thursday
25	Last date for students to apply for grade revision, if any	04.12.2026	Friday
26	Winter vacation for UG students (except IDD final Year)	05.12.2026 -06.01.2027	Saturday - Wednesday
27	Last date for the evaluation of Project/Thesis/Seminar for all programs	03.12.2026	Thursday
28	Last date for sending final grades to AAO	08.12.2026	Tuesday
29	Last date for the submission of Progress Reports (Ph.D. students) to the AAO	09.12.2026	Wednesday
30	Online Choices for branch change	10.12.2026 -14.12.2026	Thursday - Monday
31	Declaration of the final list of branch change (Tentative Date)	31.12.2026	Thursday
32	Admission cum Academic Registration for New Ph.D. Students	07.01.2027	Thursday
33	Academic registration of all existing students for Spring Semester 2026-27 in physical mode	07.01.2027 -08.01.2027	Thursday - Friday
34	Commencement of classes for Spring Semester 2026-27	11.01.2027	Monday
35	Re-examination and Second examination (for Autumn Semester 2026-27)	11.01.2027 -13.01.2027	Monday - Wednesday

*Subject to JoSAA Counseling

#The final date will be notified in due course.

Item No. 108.19: To consider the proposal for maintaining a separate CGPA for the Minor Program.

The Minor Program is intended to provide students with an opportunity to explore disciplines beyond their core engineering specialization, thereby fostering interdisciplinary understanding and a broader skill set. Many undergraduate students take advantage of Minor Programs to pursue interests or gain competitive skills in new fields that enhance their professional profile.

It is proposed that the CGPA earned in the Minor Program be maintained separately from the Overall CGPA. Under this framework, grades obtained in minor courses would not be averaged into the primary CGPA but would be computed independently.

Further, CGPA earned in the Minor Program will not be considered for placement purposes and awarding division and distinction in the primary degree program.

This separation is expected to encourage students to undertake challenging or exploratory coursework in other disciplines without concern for its impact on their primary degree performance.

Accordingly, the Minor Program would be reflected on the student's transcript with a distinct Minor CGPA, while the Overall CGPA would continue to represent performance in the primary degree program.

The IAPC, in its 157th meeting held on 04.02.2026, recommended the proposal.

The above is placed for the consideration of the Senate.

Item No. 108.20: To consider the joining of new Ph.D. admissions under Rolling / Project / Extensive Professional Experience (EPE) Categories.

Currently, offer letters for Ph.D. admissions under Rolling, Project and Extensive Professional Experience (EPE) categories are issued throughout the semester. As per existing rules:

1. Rolling Candidates: Must join within 15 days from the date of issuance of the offer letter.
2. EPE and Project Category Candidates: May join any time during the running semester.

However, this leads to the following practical issue:

- When offer letters are issued towards the end of the semester, candidates are required to join immediately (as per rule).
- Consequently, the joining month overlaps with the very end of the semester, and as a result, candidates are required to pay the Institute fee for both the present and subsequent semester, causing avoidable financial burden and administrative complications.

To address the above issue and to ensure uniformity and transparency in the admission and joining process, it is proposed that candidates be offered admission for joining in the subsequent semester if the offer letter is issued after the last date for addition/change of courses of the running semester.

In case, if a candidate wishes to join after the above-mentioned cut-off date, the candidate shall be required to pay the applicable fees (excluding tuition fees) for the running semester and complete registration for the Ph.D. programme. Such candidates shall be allowed to join the coursework in the subsequent semester only

The IRC, in its 76th meeting held on January 7, 2026, vide item no. 76.2.7, considered the proposal relating to Rolling/Project research scholars who join the programme after the expiry of the course addition window for the concerned semester. After due deliberations, it was decided that such research scholars will be required to pay the semester fee,

except the tuition fee, for that semester. Further, they will not be allowed to undertake any coursework during that semester.

It has also been decided to continue excluding research scholars admitted under the EPE category from the above provision.

The above is submitted for the consideration of the Senate.

Item No. 108.21: To consider the revision in the eligibility criteria for admission to Ph.D. programme under Extensive Professional Experience Scheme.

The IRC, in its 76th meeting held on January 7, 2026, considered the report of the committee constituted for the periodic review and updating the eligibility criteria for Ph.D. admissions under the Extensive Professional Experience (EPE) Scheme.

The IRC accepted the report as given at **Appendix-A**, and recommended the criteria with the following modifications:

- (i) The existing requirement of professional experience for EPE candidates be retained as 12 years for candidates with a Master's degree and 14 years for candidates with a Bachelor's degree.
- (ii) The applications for admission under the EPE Scheme shall be accepted through the online portal.
- (iii) The EPE research scholars shall be required to report physically at least once a year for annual presentation.
- (iv) A faculty member may supervise a maximum of two EPE research scholars at a time, either singly or jointly (shared supervision).

The criteria-cum-guidelines are submitted for the consideration of the Senate.

Appendix 'A'
Item No. Senate / 108.21

**MINUTES OF THE MEETING OF REVISION IN ELIGIBILITY CRITERIA FOR PH.D.
ADMISSION UNDER EXTENSIVE PROFESSIONAL EXPERIENCE (EPE) SCHEME**

The following were present in the meeting:

- | | |
|--|-------------|
| 1. Prof. Vivek Kumar Malik, Dean, SRIC, | Chairperson |
| 2. Prof. Meenakshi Rawat, ADAA- ITS & Admission, | Member |
| 3. Prof. Pradeep Srivastava, ADAA – Evaluation, | Member |

Prof. Falguni Patnaik, ADAA- Curriculum, Member, could not attend the meeting.

The meeting of the committee was held on 10.11.2025 at 4:00 p.m. in the office of Dean, SRIC, to review the admission guidelines under Extensive Professional Experience (EPE) Scheme.

The Committee deliberated on the existing eligibility and admission criteria for Ph.D. admission under the EPE Scheme, and after detailed discussions, the Committee finalised the admission guidelines, and the proposed draft notification is enclosed as **Annexure-1**.

The meeting ended with a vote of thanks by the Chairperson.

ADMISSION OFFICE**

Draft Notification

No. IITR/PG Admn./2025/

Dated: Dec. , 2025

The Senate approved guidelines vide item no. ---- towards PhD admission under Extensive Professional Experience are given below:

1. Candidates working only in government organisations (Pay Level 13 or above)/laboratories, PSUs (DGM or Pay Level E7 or equivalent/higher), and reputed companies should be considered.

Eligibility criteria should be as follows:

Candidate having M.Tech. / M.Arch. / M.U.R.P. / M.Pharm. / MS (Research) / Post-Graduate degree in Medical Sciences / Equivalent degree with at least 14 years of professional experience.

OR

Candidate having B.Tech./ B.Arch./ MBA / M.Sc. / B.Pharm / Graduate degree in Medical Sciences / equivalent degree with at least 16 years of professional experience.

2. Candidate recruited by UPSC to Indian Administrative Service (IAS)/ Indian Police Service(IPS)/ Indian Foreign Service (IFS)/ Indian Forest Service(IfoS)/ Indian Engineering Service (IES) /Indian Defence Estates Service (IDES) and have completed at least 10 years after such appointment to the respective service are eligible to apply under this category.
3. Candidates should have demonstrated research potential through research papers in reputed journals/patents/ technology or product developed or transferred/handling of project experience in leadership.
4. A faculty member can have a maximum of 2 scholars under this category.
5. The number of Pre-PhD course credit requirement would be as recommended by the SRC as per extant PhD ordinance except Seminar for which a presentation/online interaction has to be conducted in the subject domain of the candidate. Further, the credit requirement can be completed in the form of project/dissertation/seminar, NPTEL online courses in the form of satisfactory/unsatisfactory. For other matters not mentioned in this notification or otherwise, the PhD regulations/ordinance will be the same as applicable to the part-time candidates.
6. There would be no residency requirements for such candidates.
7. Applications in this category can be made throughout the year to the office of Head of the concerned Department. The application should clearly mention the preferred area of work and choice of supervisor (if any). The candidate would be asked to give a

presentation of his professional credentials in the concerned Department. The Head of the Department will seek inputs on the application from the faculty members working in the concerned area. The name of the proposed supervisor, along with the recommendations of the complete DRC with at least one **additional** faculty member of the same specialisation as a special invitee, should be sent to the office of DAA.

The selection would be recommended on the basis of interaction by the following 3-member committee:

- | | | |
|---|---|----------|
| 1. Dean Academic Affairs | - | Chairman |
| 2. Dean SRIC | - | Member |
| 3. External expert (to be nominated by DAA)- | | Member |

The final approval on the recommendations will be accorded by the Chairman, Senate.

Sd/-

Assistant Registrar (Admission)

The details of the Ph.D. admission procedure under 'Extensive Professional Experience Scheme' are given below:

1. The candidate needs to submit their application on the admission portal which will be visible to the concerned HoD / HoC. The application should include identified/proposed area of research work, facilities for carrying out the research work, etc.

The following documents must be attached with the admission application:

- a. NOC from the parent organization / institute.
 - b. Detailed resume with qualification and experience (supported with documents).
 - c. Self-attested copy of all the educational qualification.
 - d. Copy of the papers published in the reputed journals, if any.
 - e. Details and copy of the Patents (s) or application submitted for Patentship, if any.
 - f. Documents related to Transfer of Technology (TOT), if any.
 - g. Service particulars of the candidate from the present organization and previous organization(s), if any issued in the official letter-head. Service particulars should incorporate year-wise details of designation / post(s) held by the candidate.
2. Candidates shall be called by the concerned Department / Centre for presentation before the extended Department Research Committee (DRC) / Centre Research Committee (CRC)/ School Research Committee (ScRC). Presently, online presentation can be conducted.
 3. On recommendation of the said DRC / CRC/ScRC, the candidate will be required to appear for an Interaction before the designated committee.
 4. Offer letter for Ph.D. admission shall be issued after the final approval of the competent authority.

Item No. 108.22: To consider the award of Ph.D. Degrees to 122 Research Scholars, who have duly qualified during Academic Year 2025-26.

Provisional PhD degrees have been issued to 122 research scholars who have completed the requirements for the award of the PhD degree in various disciplines, after the previous Board meeting held on December 20, 2025 **(Appendix-A)**.

The Senate may consider recommending the award of these degrees to the Board of Governors.

The above is submitted for the consideration of the Senate.

Item No. 108.23: To consider the recommendations of the Committee on the “Excellence in Doctoral Research Award.”

The Senate, in its 105th meeting, considered the Committee Report on the Excellence in Doctoral Research Award under item No. 105.15. It was decided to refer the matter back to the same Committee to review its recommendations in light of the Senate decision. The IRC also advised the Committee to explore the possibility of:

- Increasing the number of Excellence in Doctoral Research Awards (department-wise), and
- Discontinuing the cash component of the award, conferring only a citation.

The duly constituted Committee **(Appendix-A)**, in its meeting held on November 20, 2025, submitted the following revised recommendations, **(Appendix-B)**:

1. *The citation of award, “Excellence in Doctoral Research Award” should also carry rigorous selection method on the back of the certificate as to enhance the transparency and to strengthen the importance of the award. There are 5 Awards out of which 1 Award is named as Dr. Sushil Sharma Excellence in Doctoral Research Award preferably in the area of Physics.*
2. *The time for inviting application for these Awards should be fixed at least four months prior to the upcoming Convocation every year so as to complete the procedure of finalization of Awardees.*
3. *The applications of the award should be submitted by the scholar directly. As also recommended by the committee previously there should be a section in the evaluation report to be completed by the evaluators.*
4. *This section will carry the recommendation of the evaluators about if they consider the thesis for an award on the basis of the parameters previously elaborated.*
5. *This section will directly reach the DAA for further consideration.*
6. *An independent outside panel of reviewers recommended by each department and approved by the Director IIT Roorkee will then be invited to deliberate on each thesis, which will be recommended for award by at least 2 examiners.*

7. *This panel will evaluate the theses and recommend 1 on the basis of the similar criteria as mentioned in the evaluator's recommendation sheet.*
8. *External panel recommended thesis will then be called for an in-person interaction with the standing committee constituted by the Director IIT Roorkee to judge the capability of the students across disciplines so as to recommend 5 names.*

The IRC, in its 76th meeting held on January 7, 2026, considered and recommended the recommendations for the Excellence in Doctoral Research Award. Further, the IRC recommended that, under this Award, one award each also be instituted for the Humanities stream and the Management stream.

The above is submitted for the consideration of the Senate.

NOTIFICATION

Subject: Review of Recommendations on Excellence in Doctoral Research Awards – reg.

The following committee was constituted to revisit the existing rules and recommended guidelines for “Excellence in Doctoral Research Awards”.

- | | |
|---|---|
| 1. Prof. Vinay Sharma, DoMS – Chairperson | 4. Prof. Shiv Kumar Gupta, Mathematics – Member |
| 2. Prof. Vipul Rastogi, Physics – Member | 5. Prof. B.V. Manoj Kumar, MMED – Member |
| 3. Prof. Amalendu Patnaik, ECE – Member | 6. Prof. Sonal Atreya, DAP – Member |

The committee submitted its report to Senate in its 105th meeting held on July 9, 2025, through the IRC. The Senate considered the recommendations of the IRC on the report of the committee and suggested the following:

- The Citation for “Excellence in Doctoral Research Thesis” will be bestowed.
- The DRC/CRC/SRC will propose maximum of 02 thesis for consideration to select for citation for Excellence in Doctoral Research Award from the respective Department/Centre/School in a year.

Further, the Senate decided that IRC will propose detailed guidelines consonance with these recommendations for this award and re-submit it to the Senate.

Subsequently, the IRC, in its 75th meeting held on September 18, 2025, under Item No. 75.2.10(b)., after deliberation, decided to refer the matter back to the same Committee to review its recommendations in light in the decision of the 105th Senate, vide item No. 105.15.

Additionally, the IRC advised exploring the possibility of increasing the number of Excellence in Doctoral Research Awards for each department and discontinuing the cash award, with only a citation to be awarded.

It is hereby notified that this matter is referred to the same committee for review and submission of revised recommendations for consideration of IRC within three weeks i.e. by November 26, 2025.

This communication is issued with the approval of the Competent Authority.

Minutes of the meeting of the committee constituted for reviewing the “Excellence in Doctoral Research Award”

The committee met on 20 Nov 2025 in the office of Associate Dean, Academic Affairs (Evaluation), Main Building, IIT Roorkee at 2.00 pm onwards,

The Following members attended the meeting:

1. Prof Vinay Sharma (DOMS)-Chairperson
2. Prof Vipul Rastogi (Physics)-Member
3. Prof Amalendu Patnaik (E&CE)-Member
4. Prof B V Manoj Kumar (MMED)-Member
5. Prof Sonal Atreya (Arch & Planning)-Member

The committee discussed the Minutes of Meeting of 105th Senate. The Committee discussed upon the valuable suggestions of the Senate with reference to its previous recommendations.

The recommendations on the basis of the deliberations made during the meeting are as follows:

1. The citation of award, “Excellence in Doctoral Research Award” should also carry rigorous selection method on the back of the certificate as to enhance the transparency and to strengthen the importance of the award. There are 5 Awards out of which 1 Award is named as Dr. Sushil Sharma Excellence in Doctoral Research Award preferably in the area of Physics.
2. The time for inviting application for these Awards should be fixed at least four months prior to the upcoming Convocation every year so as to complete the procedure of finalization of Awardees.
3. The applications of the award should be submitted by the scholar directly. As also recommended by the committee previously there should be a section in the evaluation report to be completed by the evaluators.
4. This section will carry the recommendation of the evaluators about if they consider the thesis for an award on the basis of the parameters previously elaborated.
5. This section will directly reach the DAA for further consideration.
6. An independent outside panel of reviewers recommended by each department and approved by the Director IIT Roorkee will then be invited to deliberate on each thesis which will be recommended for award by at least 2 examiners.
7. This panel will evaluate the theses and recommend 1 on the basis of the similar criteria as mentioned in the evaluator’s recommendation sheet.
8. External panel recommended thesis will then be called for an in-person interaction with the standing committee constituted by the Director IIT Roorkee to judge the capability of the students across disciplines so as to recommend 5 names.

The meeting ends with the vote of thanks.

Item No.108.24: To report the Institution of new Awards/ Scholarships:

S. No.	Name of Awards/ Scholarship	Criteria	Implemented & Recommended by
A. Awards/Scholarships:			
1.	Manorama & Shashi Budhiraja Foundation Awards	Mr. Rajeev Budhiraja, Gurugram, has established a corpus to promote research that investigates practical applications in the field of rural development for the underprivileged in India. Eligibility: Open to all Master's and PhD students at IIT Roorkee Nature of Award: There will be two awards- Award of Rs. 1,00,000/- for a PhD student and the second award of Rs. 50,000/- for a Master student. The award will be judged and awarded after completion of the project/thesis. Selection Process: The SCSP will invite applications for these awards. Applications received from PhD students will be forwarded to the Academic Affairs Office, which will process the awardee for the PhD award. Similarly, the SCSP Office will process the awardee for the Master's award. Judgement: The committee will judge the applications based on: • Quality of the completed project /thesis • Practicality of execution of the proposed research • Scale of social impact • Focus on rural development Selection Committee: There will be a two-phase selection: • Initial Phase: The evaluation shall be conducted by the faculty members of IIT Roorkee, who will shortlist the suitable candidates for Interview/ Presentation before the selection committee.	Academic Affairs Office & SCSP Office

S. No.	Name of Awards/ Scholarship	Criteria	Implemented & Recommended by
		• Final Selection: A five-member Selection Committee, comprising the Donor (Mr. Rajeev Budhiraja) and four other committee members from IIT Roorkee, shall select the final awardee. The Academic Affairs Office will make recommendations for the PhD award, and the SCSP will make recommendations for the Master's award. These awards will be conferred from the academic year 2025–26 (Convocation 2026).	
2.	Shri Brijendra and Smt Saroj Singh Cash Prize	Mr. Rajive Kumar and Dr. Preeti Kumar, Noida, have established a corpus to create a Cash Prize of Rs. 1,00,000/- per year to the topper student of the PG programme in Structural Engineering. The following conditions will be followed while selecting the awardee: (i) If the Department Gold Medal is given to a student of the Structural Engineering (being the Topper of the department), then the cash prize will be given to the next topper of Structural Engineering. (ii) In case of a tie among the toppers of Structural Engineering (Candidates are not the topper of the Civil Department), cash prize of Rs. 1,00,000/- may be shared equally among them. The SCSP will recommend the award, which will be conferred from the academic year 2025–26 (Convocation 2026).	SCSP Office
3.	Shyam Sunder Garg Award for Inspiring Excellence	Mr. Amit Garg, an Alum of IIT Roorkee (B.E. - Industrial Engineering - 2000 batch), USA, has established a corpus. The objective of this award would be to encourage consistent academic excellence and provide financial assistance to deserving students during their undergraduate studies in Production & Industrial Engineering.	SCSP Office

S. No.	Name of Awards/ Scholarship	Criteria	Implemented & Recommended by
		This award carries an annual cash award of maximum ₹99,999/-, which will be equally distributed over the 2nd, 3rd, and 4th years of study (₹33,333/- per year) for the selected student: • This award shall be awarded to a 2nd year B.Tech (Production & Industrial Engineering) student who secures the highest CGPA in the 1st year. In case of a tie, the awardee will be decided based on the student earning the maximum number of A+ grades. Even though there is a tie, the JEE (Advanced) rank of the student will be taken into account. • The award will continue in the 3rd and 4th years for the same recipient, provided the recipient maintains a CGPA of 8.0 or above. • If the recipient's CGPA falls below 8.0 in any academic year, the award will be discontinued for that student, and the award amount will be awarded to another eligible student following the same selection procedure. (eg. If a student becomes ineligible in the 3rd or 4th year, a new student shall be selected from the 3rd or 4th year who has secured the highest CGPA in the 2nd or 3rd year). In case of a tie, the same criteria mentioned as above for a tie will be followed. • From the academic year 2026-27, one 2nd year student will receive an award of ₹33,333, which will continue in their 3rd and 4th year. In the subsequent year, another student from the 2nd year will be selected, making two awardees. In the next subsequent year, one new student from the 2nd year will be selected, resulting in three awardees receiving ₹33,333 each, with a total annual expenditure of ₹99,999.	

S. No.	Name of Awards/ Scholarship	Criteria	Implemented & Recommended by
		The SCSP will make recommendations for this award. This award will be conferred from the academic year 2026-27.	
4.	Sh. Mangtu Singh Award	Prof. Ritesh Kumar, (M.Tech. – 2015 - Earthquake Engineering), Department of Earthquake Engineering, IIT Roorkee, has established a corpus to create a Cash Prize of Rs. 51,000/- per year along with the citation to a graduating B.Tech girl student who has made significant contributions in the fields of STEM, Women Empowerment, Social Causes, Community Services & Agriculture. The SCSP will make a recommendation for this award. This award will be conferred from the academic year 2025-26 (Convocation 2026).	SCSP Office
5.	Bestkap Trophy	Prof. Mahesh C Tandon (B.E. (E&C) 1983), and other donors (Mr. Vinod Bal Sharma, Mr. Subodh Kumar Bhargava and Mr. Yogesh Kansal), New Delhi, have established a corpus to create two (02) rolling trophies, which will be given annually to the best Bhawans (One each for Male Bhawan and Female Bhawan) by the Institute Sports Council, for their participation in the sports. Recommendations for these awards will be received from the Institute Sports Council. These awards will be conferred from the academic year 2025-26.	Institute Sports Council
B. MCM Scholarships:			
1.	Balaji Foundation MCM Scholarship	Ms. Radhika Agarwal, a bachelor student of BS-MS (Integrated Programme - 2026) at the Humanities and Social Sciences Department, IIT Roorkee, has established a corpus to create one (01) MCM scholarship of Rs. 20,000/- per year to a deserving financially constrained student of the UG	SCSP Office

S. No.	Name of Awards/ Scholarship	Criteria	Implemented & Recommended by
		programme of any year of any department. The SCSP will do implementation & Recommendation of this scholarship. This scholarship will be conferred from the academic year 2026-27.	

The awardees of the MCM scholarship will be selected as per the prevailing procedure adopted by SCSP to award MCM scholarships of the Institute.

Item No. 108.25: To report the approvals accorded by the Chairman, Senate.

A. Recommendations of 154th, 155th and 156th meetings of IAPC.

1. Requests of the following students regarding name restoration and continuation of programme: (Item No.: 154.2.1, 154th IAPC dt: 24.09.2025) (Approved)
 - a) Mr. Koj Tami Gyambo (Enr. No. 23113084), B.Tech. (CE), III Yr
 - b) Mr. Anurag Gautam (Enr. No. 22114008), B.Tech. (CS), IV Yr
 - c) Mr. Himanshu Kamal (Enr. No. 23113068), B.Tech. (CE), III Yr
 - d) Mr. Ritesh Kumar (Enr. No. 23117117), B.Tech. (ME), III Yr
 - e) Mr. Soumya Ranjan Nayak (Enr. No. 23117151), B.Tech. (ME), III Yr
 - f) Mr. Lavish Pal (Enr. No. 22113081), B.Tech. (CE), IV Yr
2. Request of Mr. Amber Raghuwanshi (Enrl. No. 21116015), B.Tech. (E&CE), IV Yr regarding name restoration and continuation of programme. (Item No.: 155.2.1, 155th IAPC dt: 28.11.2025) (Approved)
3. Requests of the following students regarding name restoration and continuation of programme: (Item No.: 156.2.1, 156th IAPC dt: 09.01.2026) (Approved)
 - a) Mr. Harshit Depan (Enr. No. 21113060), B.Tech. (CE), IV Yr
 - b) Mr. M Lokesh (Enr. No. 20312016), Int. M.Sc. (MA), V Yr
4. Requests of the following students regarding name restoration and continuation of programme: (2nd mercy appeal committee dt: 09.01.2026) (Approved)
 - a) Mr. Ravishankar (Enr. No. 20119040), B.Tech. (P&I), IV Yr
 - b) Mr. Mukul Labana (Enr. No. 22113095), B.Tech. (CE), IV Yr

- c) Mr. Veeresh Kalyanam (Enr. No. 22123048), B.Tech. (EPH), IV Yr
- d) Mr. Javaji Vishal Koushik (Enr. No. 22117062), B.Tech. (ME), IV Yr

5. Requests of the following students regarding name restoration: (Approved)

- a) Mr. Nikhil Tiwari (Enr. No. 20110021), B.Arch., V Yr
- b) Mr. Sanyam (Enr. No. 20410028), Int. M.Tech. Geological Technology, V Yr

B. Recommendations of the 76th IRC (07.01.2026).

1. Request of Ms. Preety Verma (En. No. 15910010), Research Scholar, Department of Civil Engineering, for a time extension for thesis submission up to December 31, 2025.
(Approved)
2. Request of Mr. Anil Kumar Mathur (En. No. 19914028), ex-Ph.D. Research Scholar, Department of Electrical Engineering for reinstatement of his academic registration.
(Not approved)

C. Seat matrix for admission to Ph.D. Programme (Spring Semester) 2025-26 (Item No.: 75.2.8, 75th IRC dt: 18.09.2025) (Approved)

D. Request of Mr. Anurag Praveen Bhale (En. No. 17914002), Research Scholar, Department of Electrical Engineering, for a time extension for thesis submission up to February 20, 2026.
(Approved)

E. Request of Mr. Ankit Bhalla (En. No. 16902002), Research Scholar, Department of Architecture and Planning, for a time extension for thesis submission up to March 08, 2026. (Approved)

The above are reported to the Senate.

Under any other item

Item No. 108.26: To consider the modification in the admission application for M.Tech./M.Arch./MURP admissions in terms of “removal of restriction on the number of Departments/Centres/Schools may be applied”.

As per the existing M.Tech./M.Arch./MURP admission policy, “a candidate can apply to a maximum of four Departments/ Centres/ Schools, and may give prioritised preferences for a maximum of fourteen (14) academic programmes”.

It has been observed that owing to this restriction, candidates may be unable to apply to additional Departments/Centres/School, despite being eligible for other departments or programmes. Additionally, candidates reluctantly apply for programmes in Departments they may not be fully interested in.

In this regard, the following proposal was circulated among all Departments/Centres/School vide email dated 06.02.2026:

Proposal: The candidates may be allowed to fill programme preferences (maximum fourteen (14) choices in total, as per the existing limit) without any restriction on the number of Departments/Centres/School applied for, with effect from the Academic Session 2026–27.

The inputs received from the Departments/Centres/School have been compiled, and are placed at **Appendix-A.**

Justification: The proposed revision is expected to increase the department-wise number of applications and also enable candidates to access more suitable and beneficial programmes and assist in filling a more number of seats.

The above is placed for the consideration of the Senate.

Appendix 'A'

Item No. Senate / 108.26

Comments received from the Departments/Centres/School w.r.t the revision in filling of choices/preferences by the candidates for M.Tech./M.Arch./MURP admissions

S. No.	Deptt./Centre/School	Agreed/ Not Agreed	Comments of the Deptt./Centre/School
1	Applied Mathematics & Scientific Computing	Agreed	We agree with the proposal mentioned in the trailing email. This decision has been taken in consultation with the Chairperson, DAPC, and the faculty colleagues of the department.
2	Centre for Space Science and Technology	Agreed	The Centre for Space Science and Technology agrees with the proposal.
3	Electrical Engineering	Agreed	Students may be permitted for more suitable and beneficial programmes (Max. 14) subject to the condition that the candidates fulfil the eligibility criteria prescribed by the Electrical Engineering Department.
4	Hydro & Renewable Energy	Agreed	The matter was discussed in the DFC and it was decided that the department has no objection to the proposed change, viz. "The candidates may be allowed to fill programme preferences (same - max. 14 choices in total), with no restriction on the number of departments applied for." We agree to this proposed change.
5	Mathematics	Agreed	The DFC agrees with the proposal
6	Metallurgical & Materials Engg.	Agreed	MMED is fine with the proposal that the candidates may be allowed to fill programme preferences (same - max. 14 choices in total), with no restriction on the number of departments applied for.
7	Paper & Packaging Technology (erstwhile Paper Technology)	Agreed	I support the proposal and believe it may be considered favorably.
8	Polymer & Process Engg.	Agreed	The majority of our DAPC members support increasing the number of choices to 14 departments/centres for candidates to fill their choices/ preferences for M.Tech./ M.Arch./ MURP admissions.
9	Water Resources Development & Management	Agreed	The matter has been examined by the Departmental Academic Programme Committee (DAPC). The DAPC agrees with the proposed revision regarding the filling of choices/preferences by candidates for M.Tech./ M.Arch/ MURP admissions, as suggested.
10	Earthquake Engineering	Not Agreed	We have discussed your trailing e-mail with our faculty colleagues today and accordingly our opinion is as follows: For the candidates, It is enough to decide among 4 departments (leaves centres apart as there may be a centre on each discipline of a department) for selection. As it is better to have a clear choice rather a confused one. Within these 4 departments there may be a number of streams to apply and a cap of 14 is reasonable. Therefore, in nutshell, department is not in favor of changing the existing policy.

Item No. 108.27: To consider the proposal of Mental Health Policy of IIT Roorkee.

An Inter-IIT dialogue under a banner SAHYOG 2.0 was organized at IIT Roorkee on February 14, 2026. The objective of this program was to initiate structured discussions on best practices, initiatives and to share the challenges related to mental health across the IIT System & to evolve the Guidelines on mental health as per recent Hon'ble Supreme Court observations.

A Policy document was prepared and attached as **Appendix-A**. The proposed Mental Health Policy has been circulated to the HoDs, DRC Chairs, & Faculty members under the DoSW organization for feedback.

The above is submitted for the consideration of the senate.

Review Cycle: Every 3 Years or as Required by Law

Office of Accountability: Dean of Students' Welfare

Preamble

Mental health determines how people manage stress, interact with others, and make decisions, and it is necessary at all stages of life. Such disorders account for a significant amount of the disease burden, affecting people of all ages, across socioeconomic levels and locations, and have a direct impact on social cohesion, economic productivity, and human development. In July 2016, the United Nations Human Rights Council affirmed the importance of fully incorporating a human rights-based approach into mental health policies and community services in order to eliminate discrimination and violence while promoting dignity, inclusion, autonomy, and participation.

The World Health Organization has consistently highlighted that mental health and well-being are critical to quality of life, enabling people to live meaningful lives and function as creative, productive, and responsible citizens. The honorable Supreme Court also emphasizes this point. Promoting positive mental health, as well as preventing and treating mental health issues, is thus critical to constructive conduct, emotional stability, sound judgment, and social interactions.

In India, the Mental Healthcare Act, 2017, marks a significant step forward in the legal recognition and protection of the rights of people suffering from mental illnesses. It goes beyond formal legal remedies to accomplish systemic and societal change, such as raising awareness and sensitization. Section 30 of the Act imposes a statutory obligation on the appropriate government to ensure that public officials and the general public are informed about the Act's provisions and mental health in general, promoting a more compassionate, inclusive, and rights-respecting approach.

Despite these achievements, India's present mental health ecosystem has structural problems such as limited access to services, stigma, a shortage of skilled experts, and discrepancies between rural, underprivileged, and highly educated people. These issues are exacerbated by emerging and future dangers from rapid technological innovation. The expansion of digital platforms, social media, artificial intelligence, algorithm-driven content, cyberbullying, online harassment, disinformation, and excessive screen time all represent new and growing threats to mental health. At the same time, technological interventions and record-keeping in mental health treatment create questions about privacy, consent, data security, ethical use of artificial intelligence, and the possible exclusion of vulnerable populations.

Loneliness, social isolation, and increasing alcohol/substance usage in the young population, particularly in residential institutions, which is exacerbated by excessive screen time and unpleasant online interactions, are issues that the community as a whole must address. According to the WHO, loneliness is a key global public health issue, with a health risk equal to smoking and obesity.

IITs are the frontrunners in providing the highest-quality technical education in the country. The selection process for securing admission to IITs is considered one of the toughest in the world, which makes admission to IITs so coveted and also endows them with the position they command. On the flip side of this position is also the societal expectations for excellence. The students at IITs, like all other students of the same age, are also facing mental health issues. However, due to the focus of IITs being the front runners, there is increased focus on mental health and well-being issues amongst students on IIT campuses. Given the current situation and potential threats, there is an urgent need for a comprehensive, forward-thinking mental health policy framework that addresses existing gaps while anticipating and regulating future technological issues. Such a policy framework must be based on human rights, consistent with

constitutional values, responsive to scientific and technological advancements, and dedicated to preserving mental health as an essential component of individual dignity, societal stability, and national growth.

This document presents the first-ever Mental Health Policy of any HEI, particularly IITs. It is envisaged that this will lay the foundation for many more policies to be developed in the respective institutes. It is also understood that this policy will undergo several revisions in the future to keep pace with evolving challenges. However, the intent of the policy will always remain the same: to ensure a vibrant and healthy campus where all stakeholders maintain good mental health and well-being.

1. Vision of MH Policy IITR

1.1. Context: Applicable to the entire campus, with everyone belonging to the institution, including students, staff, and management, is covered under the policy.

1.2. Vision:

- 1.2.1.** To restore and enhance the optimal level of mental health
- 1.2.2.** To ensure timely identification and support of mental health difficulties using standard mechanisms and evidence-based approaches
- 1.2.3.** To utilize local resources in an optimal way in the management of mental health-related problems and difficulties
- 1.2.4.** To create a positive and vibrant campus with the help of professionals who are able to create a sustainable, equitable society and contribute to the broader extent of the vision of IIT Roorkee
- 1.2.5.** To minimize the adverse effects of mental health conditions on academic life

1.3. Core Values:

- 1.3.1.** Protection of basic human rights
- 1.3.2.** Quality of services
- 1.3.3.** Practice of a data-driven & evidence-based approach
- 1.3.4.** Inclusivity and nondiscrimination
- 1.3.5.** Socio-cultural and gender sensitivity

1.4. Objectives:

- 1.4.1.** To create awareness regarding mental health and self-care on campus
- 1.4.2.** To promote mental health literacy and digital well-being: (identify the indicators, promoted through activities and procedures)
- 1.4.3.** To identify mental health-related issues at any stage through standard methods and mechanisms (using SOPs)
- 1.4.4.** To ensure proper management of the mental health conditions (mild, sub-syndromal, severe) to be diagnosed as psychiatric conditions
- 1.4.5.** To manage specific conditions related to mental health and human behavior/emotions, such as substance abuse, behavioral addiction, self-harm to the extent of suicide, and life-threatening psychological crisis situations
- 1.4.6.** To create a facilitatory administrative mechanism, to facilitate the process of management of mental health conditions, including crisis situations - example Affidavit from parents – during orientation, like anti ragging declaration – for psychiatric intervention or mental health care/services
- 1.4.7.** To provide quality services through the existing infrastructure and qualified competent mental health professionals
- 1.4.8.** To promote innovation and research in the area of mental health with the involvement of mental health professionals and faculties from related interest/departments

1.5. Scope:

1.5.1. Mental health and well-being of students, teachers, staff, and management

1.5.2. Teaching curriculum/Orientation

1.5.3. Annual appraisal policy

1.5.4. Recruitment rule for the relevant category of staff

1.5.5. Extent of Applicability:

1.5.5.1. This policy is applicable to all stakeholders (students, staff, administration, and their families stationed on the campus of IIT Roorkee only.

1.5.5.2. It overlaps with the functioning of several offices within the institute and should always be read and understood alongside other policies from these offices, such as disciplinary rules, academic guidelines, service rules, etc.

2. Definitions

- 2.1. *Holistic approach:*** A holistic approach to health, including recognition of the interrelationships among mind, body, and soul, is more effective in addressing mental health problems (NMHP).
- 2.2. *Community:*** A group of people living in a defined geographical area who share common values, interests, and have social relationships. They may be aware of having a particular identity or belonging and are organized to meet their common needs. (WHO)
- 2.3. *Mental Health:*** It is a state of mental well-being that enables people to cope with the stresses of life, realize their abilities, learn and work well, and contribute to their community. It has intrinsic and instrumental value and is a basic human right. (WHO)
- 2.4. *Mental Health support:*** The term “mental health and psychosocial support” refers to any support that aims to protect or promote psychosocial well-being and/or prevent or treat a mental health condition (UNHCR).
- 2.5. *Mental health literacy:*** Mental health literacy is defined as “knowledge and beliefs about mental disorders which aid their recognition, management or prevention.” This concept includes the ability to recognize specific mental health conditions, to know how to seek mental health information, to understand risk factors and causes, to know about effective self-help strategies and professional help available, and to have attitudes that promote appropriate help-seeking.

- 2.6. *Student:*** An Individual who is currently enrolled in any education programme for the purpose of learning, residing on the campus or outside the campus.
- 2.7. *Whole campus approach:*** "The whole-university approach outlines how mental health support should not just be a stand-alone service provided by a specialist team. Instead, it should be integrated into all aspects of university life - from design of curricula and assessments to the built environment."
- 2.8. *Mental health difficulties:*** Include both clinically diagnosable mental health conditions and non-clinical challenges that cause significant distress or impairment in personal, social, occupational, or other important areas of life.
- 2.9. *Mental health condition(s):*** A broad term covering mental disorders and psychosocial disabilities. It also covers other mental states associated with significant distress, impairment in functioning, or risk of self-harm (UNHCR).
- 2.10. *Crisis:*** A state of psychological disequilibrium in which an individual is confronted with a problem that cannot be resolved using customary coping mechanisms (Caplan, G.), which require immediate attention and medical/psychosocial support.
- 2.11. *Self-Care:*** Is the ability of individuals, families and communities, as foundational step to promote health, prevent disease, maintain health, and cope with illness and disability with or without the support of a health worker (WHO).
- 2.12. *Trauma:*** Psychological trauma occurs when an individual is exposed to an event involving actual or threatened death, serious injury, or sexual violence, and the experience overwhelms the individual's capacity to cope. (*Posttraumatic stress disorder prevention and treatment guidelines. ISTSS*)

- 2.13. *Mental health Professionals:*** As per MHCA 2017, a *mental health professional* includes: Psychiatrists, registered clinical psychologists, psychiatric social workers, and mental health nurses.
- 2.14. *Gender Inclusivity:*** Gender inclusivity refers to the practice of ensuring that people of all gender identities and expressions are respected, affirmed, and able to participate fully without discrimination. (APA)
- 2.15. *Digital well-being:*** Conceptualized as a phenomenon that enhances learning and safeguards students from an educational perspective, promotes work-life balance and increases productivity within professional contexts, and empowers users to effectively monitor and manage their technology usage from a technological standpoint.
- 2.16. *Need to know basis:*** The access to digital health data by a specific person for a specific and lawful purpose that is necessary for that purpose or to carry out that function.

3. Promotion of Mental Health & Well-being

- 3.1.** To sustain a positive and supportive campus environment, promoting mental health literacy at IIT Roorkee is crucial.
- 3.2.** Mental health literacy enables students, faculty, and staff to recognize early signs and symptoms of mental health concerns, encourages timely help-seeking behaviour, and contributes to reducing stigma at all levels.
- 3.3.** By encouraging self-care practices as a preventive and protective measure—similar to physical health maintenance—the institute can strengthen resilience, reduce mental health risks, and support the effective implementation of mental health policy.
- 3.4.** Promoting digital well-being is essential to recognize and harness the positive role of digital technologies in academic and professional development, while also fostering conscious and responsible use to prevent overuse and its associated negative impacts on mental well-being.
- 3.5.** In order to promote MHL, each stakeholder on the campus shall contribute as listed below -
- 3.5.1.** Mental Health Professionals (MHPs) and/or other registered professionals shall organise sensitisation programmes (physical and/or online) for the entire IITR Community.
- 3.5.2.** Faculty Advisors shall help reduce stigma by providing students with a safe space to discuss academic-related concerns that affect their mental health.

They shall promote help-seeking behaviour among students and provide timely referral to MHPs at the institute.

- 3.5.3.** Teaching staff shall ensure a safe, supportive, and non-intimidating academic environment, and shall be mindful of their role in safeguarding students' mental health and well-being while maintaining academic standards.
- 3.5.4.** Non-teaching staff shall perform their duties with due sensitivity to students' mental health and well-being, and shall address student-related issues in a supportive and non-discriminatory manner, and shall timely escalate concerns that may otherwise lead to mental health crises or emergencies.
- 3.5.5.** Student volunteers, which includes Team wellness, SMP, Bhawan level wellness secretaries, Class-representatives, Branch-representatives, UG Secretaries, PG-PhD secretaries, and ARP, with their respective volunteers, after getting the essential training of psychological first aid, MHL, and Gatekeeper training, shall provide a safe, supportive, non-judgemental approach to their fellow students. Also, encourage activities such as focus group discussions to reduce the stigma prevalent in the community. And the use of similar other community-level participation to promote mental health.
- 3.5.6.** Medical and Non-medical Professionals working at the institute hospital shall ensure a sensitive and supportive environment for students and staff regarding mental health issues. Encouraging timely dialogues on self-care and digital well-being in the hospital under the Chairman, HAC.
- 3.5.7.** IITR Community: All members of the IIT Roorkee community shall recognize mental health as a shared responsibility and are encouraged to

practice self-care, maintain their own mental well-being, and seek timely support from the mental health services available at the Institute. The community shall collectively contribute to a supportive, respectful, and stigma-free environment that promotes mental well-being.

- 3.5.8.** Disability Support Units and Socio-Economically Disadvantaged Group Cells shall coordinate closely with the Institute to ensure inclusive, equitable, and accessible support for diverse student needs.

Institute administration shall support the conduct of sensitization programs through the provision of financial, infrastructural, and administrative support.

3a.Capacity building

3a.1 Capacity Building can be defined as a continuous process of developing and strengthening the knowledge, skills, competencies, and resources of the academic community. Capacity-building programs are designed to empower all stakeholders to effectively implement and sustain comprehensive mental health promotion, prevention, and intervention strategies.

3a.2 Key Stakeholders

Capacity building involves a multi-layered group of stakeholders across various levels:

- **Student:** Includes the general student body, student volunteers, club PoRs, Class Representatives, and Branch Representatives.
- **Faculty:** Includes newly appointed Professors, teaching staff, Faculty advisors, and designated Faculty Wellness Representatives who serve as departmental liaisons.
- **Administration:** Includes high-level leadership such as the Dean of Student Welfare (DOSW), Associate Deans of Student Welfare (ADOSW)
- **Mental Health Professionals (MHPs):** Comprise RCI-registered Clinical Psychologists, NMC-registered Psychiatrists, and Psychiatric Social Workers. Also registered as a Psychologist under the government regulatory body.
- **Support Staff:** Includes hostel wardens, security office personnel, and non-teaching administrative staff.
- **Families:** Specifically, parents and guardians, who are engaged to safeguard student well-being and reduce stigma.

3a.3 Strategic Objectives (The Agenda)

The capacity-building program is designed to empower all stakeholders to achieve the following core competencies:

- **Recognition and Response:** Cultivating the proficiency to identify early indicators of psychological distress and execute standardized primary responder protocols.
- **Evidence-Based Implementation:** Utilizing scientifically validated Psychological First Aid (PFA) and wellness strategies within the daily campus environment.
- **Promote Help-Seeking Behavior:** Building a mechanism to provide support and care through sensitized and empowered individuals to strengthen help-seeking and reduce stigma.
- **Systemic Sustainability:** Fostering an enabling environment through proactive policy development, resource networking, and continuous evaluation of institutional support.

3a.4 Actionable Steps by Stakeholders

3a.4.1. Students

- **Academic Integration:** Participate in mandatory credit-based or non-credit modules on self-care, digital well-being, resilience, life skills and other relevant modules suggested by MHPs.
- **Peer Mentoring:** Join structured peer-mentoring systems where volunteers are trained by licensed Mental Health Professionals (MHPs) to provide student-to-student assistance.

- **Advocacy & Leadership:** Student club PoRs, Class Representatives, and Branch Representatives must complete the mandatory Gatekeeper programs to recognize warning signs such as social withdrawal or absenteeism.
- **Refresher Courses:** Participate in annual Mental Health Capacity Building Refresher Courses to update referral protocols and crisis intervention skills.
- **Event Engagement:** Institutionally supported student festivals such as Thomso, Cognizance, and Sangram may be utilised to integrate mental health awareness initiatives focusing on mental health literacy, self-care, and digital wellbeing.
- **Pre-Placement Workshop:** Attend specific workshops for final-year students on building resilience for professional life and managing performance anxiety.

3a.4.2. Faculty

- **Mandatory Gatekeeper Training:** All faculty and wardens must undergo training to identify early warning signs and administer Psychological First Aid (PFA).
- **Refresher Courses:** Participate in annual Mental Health Capacity Building Refresher Courses to update referral protocols and crisis intervention skills.
- **New Faculty Orientation:** Newly appointed Professors must undergo a mandatory mental health literacy orientation during their initial period of office.
- **Departmental Liaisons:** Act as Wellness Representatives to ensure wellness strategies are embedded within the academic framework.
- **Bridge Support:** Encourage students struggling with language barriers to use existing departmental resources (hardware/software) to address English language needs and discourage related discrimination.

3a.4.3. Staff (Administrative, Security, and Non-Teaching)

- **Primary Responder Training:** Security office personnel and non-teaching staff must complete Gatekeeper programs focused on recognizing behavioral shifts and social withdrawal.
- **Information Dissemination:** Ensure the visibility of government-promoted helplines, such as Tele-MANAS, as community resources.
- **Strategic Communication:** Utilize digital screens in the departmental level and official institute websites to run consistent messages related to mental health, self-care, and the availability of external emergency helplines.

3a.4.4. Mental Health Professionals (MHPs)

- **Continuous Skill Upgradation:** Within a structured professional development framework, institutional mechanisms may be instituted to enable Mental Health Professionals in wellness centres to participate in accredited conferences and continuing professional education for periodic updating of competencies and professional credits related to mental health.
- **Gatekeeper Supervision:** Design and implement mandatory Gatekeeper programs to train faculty, wardens, and staff in recognizing warning signs and administering Psychological First Aid (PFA).
- **Peer Support Oversight:** Train and supervise student volunteers within the structured peer-mentoring system to ensure safe student-to-student assistance.
- **Vulnerability Support:** Provide specialized support systems to address the unique issues of students from vulnerable groups, including those from rural backgrounds, female students, and LGBTQ+ individuals.

3a.4.5. Administration (DOSW, ADOSW, and Institute Leadership)

- **Leadership Orientation:** Mandatory mental health literacy orientation for all administrative leaders (DOSW/ADOSW) upon assuming office.
- **Structural Safeguards:** Implement safety audits, improve lighting in high-risk zones, and install privacy-compliant CCTV.
- **Digital Infrastructure:** Maintain a digital interface to provide students with self-assessment tools, psychoeducational resources, and digital forms for the anonymous reporting of harassment or emotional distress.
- **Policy Reform:** Transition from purely punitive disciplinary actions toward affirmative self-development and rehabilitation programs.
- **Institutional Recognition:** Designate and organize a specific “Wellness Day of the Institute” to promote campus-wide de-stigmatization initiatives.

3a.4.6. Parents or Guardians

Participate in Orientation: Attend annual orientation sessions designed to clarify the family’s specific role in safeguarding student well-being and reducing the stigma associated with seeking mental health support.

3b. Holistic Wellness Support

The IIT Roorkee, recognizes that mental health is not solely attributed to neurochemical imbalances but is influenced by lifestyle choices, environmental factors, and the individual's personal experiences.

3b.1 The Institute shall thus strive to provide a support system which is inclusive, holistic and easily accessible, thereby ensuring the wellbeing of all students and staff members, while being mindful of diverse needs.

This will include,

1. **Strengthening social support:** To foster a sense of belonging and to alleviate isolation, a **Student Mentorship Programme (SMP)** has been established wherein first-year students are paired with senior students who can guide and mentor them through their journey at IIT Roorkee.
2. **Peer-support groups:** Individuals facing similar challenges will be brought together as a group so they can share their experiences and doubts with appropriate supervision. These support groups as part of institutional mental health initiatives aimed at reducing distress related to everyday life stressors.
3. **Counselling and Psychological Services:** Professional psychological services will be available to students and staff to address mental health concerns and to support self-development.
4. **External Psychiatric Services:** For students and staff requiring specialised psychiatric care, the Institute will maintain referral linkages with external mental health professionals and establishments for appropriate medical attention.

5. **Administrative Support:** The various departments, such as the Academic department, will coordinate with each other to support students' academic continuity, facilitate accommodation if required, provide financial assistance, etc.
6. **Promoting Inclusivity and Equity:** The **Disability Support Unit** and the **Socio-Economically Disadvantaged Group Cell** will work in cohesion to provide inclusive support towards diverse needs. They will help identify barriers to access and, if any, issues with accommodation, and provide support to students and staff from vulnerable backgrounds.

3b.2 Language support system

1. The student should be provided with an ecosystem where they can communicate and be heard in their own regional language regarding their issues of concern.
2. Students who face difficulty in understanding academic lectures or assignments should be given adequate consideration so that their pace of learning can be aligned with that of their peers.

3b.3 Support System for Disability

1. The candidates will be sent disability and support information and invited to complete a questionnaire requesting information about the nature of the condition and any support requirements during the initial time of their admission to the campus.
2. Disability and support information will be shared with candidates while requesting information about the nature of the condition and any support requirements, through a questionnaire.

3. The institute will put into place any additional support, make any reasonable adjustments which may be required, and advise on funding such as Disabled Students' Allowance in time for the start of the programme.
4. If applicants choose not to disclose their disability, provide this information with short notice before their programme starts, or do not provide full information before their programme of study, the institute will provide as much support as possible, but may not be able to provide the full range of support which might otherwise be available or there may be a delay in providing that support.
5. Psychosocial support will be provided through a formal assessment by a Psychiatric Social Worker for any such reported cases, and an inclusive peer support system will be engaged.
6. An Ad-hoc committee can also be constituted in consultation with the Mental Health Advisory Committee, to address any issues of differently-abled individual.

3b.4 Support to navigate the transition:

1. An online well-being module will be created which will cover topics such as, managing change, dealing with low mood, self-care, digital well-being, and developing resilience. Prior to arrival, students will be provided the opportunity to complete this online well-being module.
2. A separate module will be created for the parents of students, which will provide an overview of a student's academic journey, a toolkit to support their child through these issues, an introduction to support services, and information on the parent/institution relationship and how to contact the Institute if they have concerns. Parents/guardians will be encouraged to complete this module at the time of their child joining the campus.

3. On a similar line, an online brief well-being module will be created for staff members to reduce mental health stigma, enhance help-seeking behaviour, self-care, and digital well-being. Staff recruited in any position at the Institute will be encouraged to complete this module at the time of joining.
4. A one-day program related to how to handle the transition phases of academic life (for students)/married life (for young teaching/non-teaching staff) shall be organized annually by the wellness centre Professionals/External professionals / Faculties/Administration.
5. Vibrant Campus Life: Ensure mandatory participation in physical activities, sports, or yoga, acknowledging that physical fitness is deeply interconnected with mental health.
6. Social Connectivity: Organize group activities, competitions, and "awareness days" (e.g., World Mental Health Day) to foster a sense of belongingness.
7. Group activities of Mindfulness exercises, meditation, Recreational activities, Expressive arts, Animal-assisted therapy (where feasible) will be encouraged with the help of existing resources.

4. Prevention

4.1. Prevention refers to systematic and data-driven proactive measures to reduce risk factors, strengthen protective factors, and promote student well-being in order to minimize the likelihood of adverse outcomes. Such prevention is necessary because most mental health disorders are manageable when identified and reported in a timely manner.

4.1.1. Prevention of mental health conditions, including early intervention and crisis management, is essential to building a resilient and healthy campus community at IIT Roorkee.

4.1.2. Loneliness is a major risk factor and a strong link with mental health conditions, suicidal ideation, depression, academic burnout, and reduced well-being.

4.1.3. Digital platforms impact the mental health of youth, including emotional health, attention, sleep, identity, psychological boundaries in the digital space, and social relationships.

4.1.4. Identifying deterioration of self-care in oneself and by close ones, also prevents any psychological/emotional distress from escalating into major mental health conditions.

4.2. Institutional Prevention Measures

4.2.1. Administrative Level Measures

4.2.1.1. The Institute shall maintain a dedicated Centre staffed with licensed Mental Health Professionals (MHPs) to oversee preventive initiatives

under the supervision of the Institute Mental Health Committee.

4.2.1.2. Mental health check-ins, which primarily include risk factors, shall be integrated within academic programmes as well as in the joining of any staff.

4.2.1.3. Faculty's mental health shall be regularly monitored, recognizing faculty members as primary points of contact for students.

4.2.1.4. The focused group discussions, issue-specific workshops/lectures shall be organized for the IITR staff, which allow them to mitigate stress related to their personal and family situations.

4.2.1.5. Throughout the year, the institute shall organize similar programs which focus primarily upon awareness-raising actions to improve staff's own awareness of well-being and recognize when and how to ask for help.

4.2.1.6. Orientation-based awareness programmes shall be conducted, including expert lectures on mental health, substance abuse, and digital well-being.

4.2.1.7. Skill-based preventive training shall be conducted, including Gatekeeper training, Psychological First Aid, Life-Skill training, emotion-regulation skills training, and digital hygiene.

4.2.2. Faculty and Staff-Level Preventive Measures

4.2.2.1. A faculty advisor-to-student ratio (for example, 1:25) shall be maintained to enable regular academic and emotional support interactions.

4.2.2.2. Faculty advisors, wellness wardens, and department wellness representatives shall undergo gatekeeper training to enable early identification of warning signs and timely referral of students in distress, as well as psychological first aid, to create a triage between the mental health professional and the individual who requires help.

4.2.2.3. Inclusive observation practices shall be followed, with special vigilance toward students from vulnerable groups, including those from rural backgrounds, female students, and LGBTQ+ individuals.

4.2.3. Student-Level Preventive Measures

4.2.3.1. Structured social engagement shall be encouraged, particularly for individuals showing sudden or progressive changes in their interactions with others.

4.2.3.2. Peer-led and administrative support groups shall be established to provide:

- a. Emotional support (trust, care, and empathy)
- b. Informational support (guidance and resources)
- c. Instrumental support (tangible assistance and services)

4.2.3.3. Peer mentoring, peer learning, and peer-led support mechanisms shall be continued beyond the first year, recognizing that psychological stressors may arise throughout the academic lifecycle.

4.2.3.4. A peer-support ratio (for example, 1:20) shall be implemented, wherein trained student mentors function as gatekeepers to identify signs of distress among their wing mates or classmates.

4.2.4. Physical Infrastructure Measures

4.2.4.1. Adequate lighting shall be ensured in high-risk areas, including hostel corridors, terraces, laboratories, libraries, and other identified locations across the campus.

4.2.4.2. Safe and secure spaces shall be designated for confidential counseling at both the Institute and Bhawan (hostel) levels.

4.2.4.3. Accommodation arrangements shall be made to ensure necessary supervision and attention at the ground-floor level at every Bhawan during crisis situations.

4.2.5. Focused Prevention Domains

4.2.5.1. Suicide prevention:

4.2.5.1.1. Systematic identification of risk factors (irregular meals, poor attendance, hostel isolation, noticeable decline in personal hygiene, consistent academic failure, increased use of alcohol/substance use) associated with suicidal behavior.

4.2.5.1.2. Recognition and documentation of red-flag warning signs.

4.2.5.1.3. Timely reporting of observed indicators and warning signs through designated reporting channels.

4.2.5.1.4. Proactive outreach to individuals showing warning signs through supportive and empathetic engagement.

4.2.5.1.5. Enhancement of awareness and sensitivity regarding suicide risk and prevention across the campus community using Hope-oriented and

support-focused messages, displayed across the campus, including high-vulnerability locations.

4.2.5.1.6. Promotion of help-seeking behavior and reduction of stigma associated with seeking mental health support.

4.2.5.1.7. Organization of structured discussions, awareness programmes, and educational sessions on suicide and its prevention.

4.2.5.1.8. The Institute shall regularly monitor mess attendance as a potential indicator of psychological distress, and ensure timely, confidential, and supportive intervention in collaboration with professionals of wellness centers and wellness wardens.

4.2.5.2. Alcohol and substance abuse prevention:

4.2.5.2.1. Provision of counselling services and motivational enhancement therapy for individuals identified with substance use concerns.

4.2.5.2.2. The Institute shall maintain Memoranda of Understanding (MOUs) with recognized rehabilitation centres and maintain a referral directory of institutes across India for treatment and recovery support.

4.2.5.2.3. In cases involving substance abuse, the disciplinary committee may include a mental health professional, counsellor, or clinical psychologist as part of the review and decision-making process.

4.2.5.3. Digital Well-Being Risk Prevention

4.2.5.3.1. Recognition of the impact of digital platform use on youth mental health shall be encouraged, including its effects on emotional well-being, attention, sleep patterns, identity formation, psychological boundaries in digital spaces, and social relationships.

4.2.5.3.2. Awareness and education programmes on responsible and balanced digital use shall be conducted.

4.2.5.3.3. Adopting healthy digital habits, including sleep hygiene and appropriate screen time practices, shall be encouraged.

4a. Early Identification

Early Identification in mental health refers to the systematic, proactive, and continuous process of recognizing early warning signs, risk factors, and emerging symptoms of psychological distress among individuals before they escalate into severe mental health crises, functional impairment, or self-harm. Early identification operates at academic, behavioural, emotional, and social levels, using human observation, structured screening tools, and institutional monitoring mechanisms, followed by timely referral and support.

How to carry out early identification

1. The institute shall encourage volunteer recognition and reporting of concerns related to student, faculty or staff well-being.
2. Peers, faculty members, significant others, and bhawan (hostel) administration shall be encouraged to observe and report early signs of concern.
3. Standardized screening tools shall be used regularly at the time of joining the institute and during annual appraisal or academic registration.
4. Faculty members and academic units shall be encouraged to monitor regular academic performance to identify unusual decline or change.
5. The quality of group participation shall be evaluated by the group leader or chair of the meeting.
6. Faculty and peers shall be encouraged to observe classroom and laboratory behavior for noticeable changes or concerns.
7. Social participation, attitude toward work, absenteeism, and any obvious change in the quality of work shall be reviewed as part of the early identification process.

8. Reports or feedback from family members, seniors, and peers shall also be taken into account as part of early identification measures.

Stakeholders involved:

1. Office of Dean of Academic Affairs and team involved like faculty advisors, department wellness representatives.
2. Office Dean of Students' Welfare, along with associated teams such as the Wellness Centre, Bhawan-level wardens, and student representatives.
3. Office Dean of Administration (in case of teaching and non-teaching staff)
4. DAPC Chairpersons
5. Head Of Departments/Centre
6. Chief Medical Officer and associated medical professionals (especially emergency duty professionals)
7. Professor in charge of Security and associated team

4b. Crisis Management

The objective is to establish a coordinated, stigma-free, and psychologically informed crisis management system that enables early identification, rapid response, and post-crisis recovery for student mental well-being within the institute.

4 (b) (i) Broad categories of Crisis-

- **Mild:** Obvious disturbance in cognition and emotion, which does not lead to obvious dysfunction in behavior.
- **Sub-syndromal psychological problems:** Obvious disturbances but not meeting the criteria for a diagnosable condition
- **Day-to-day Distress:** Disturb quality of work and well-being
- **Interpersonal conflict issues**
- **Diagnosable Psychiatric conditions**

(Note- Such differences will be identified by the trained mental health professionals.)

4 (b) (ii) Common crisis situations on the campus

- Panic attacks
- Depressive episodes
- Anxiety episodes
- Burnout
- Acute intoxication of alcohol, substance
- Acute psychotics episodes
- Suicidal ideation or non-suicidal injury
- Suicidal Injury
- Intense disproportionate aggressive outburst

- Grief in response to loss of life of closed one
- Trauma related to sexual abuse
- Trauma related to serious financial loss
- Distress in response to any form of discrimination

4 (b) (iii) Crisis Management

The institute shall help in developing a **clear crisis response protocol** to ensure **cohesive communication** between counselling services, faculty, hostel staff, and administration.

Mandatory representation of Counselor in DInC, SC/ST Cell, GATI, ICC, PwD cell shall be done to ensure timely identification of crisis cases if any.

1. After identifying through various sources, qualified professionals would carry out a clinical assessment and, wherever required, suggest proper referral to a specialist and/or a Mental health establishment.
2. Such referred cases will be monitored by the wellness centre to check the progress and other desired facilitatory procedures. A specific professional would be assigned for such duties in the wellness centre.
3. The parental consent-related aspects will be linked with the submission of the essential required document at the time of admission, where a consent form for the parents to be introduced authorizing the institution to take the proper action for ensuring the timely and effective mental health care.
4. The institute would have a liaison with specific identified mental health establishments/services and a mechanism to refer students/ staff with the involvement of the institute's hospital administration, to avoid unnecessary delay in referral.

5. The referred student will be accompanied by the Bhawan Assistant Warden/ Peer team/ PSW, which will be called by the Bhawan Chief Warden with information to DoSW. All essential and required support will be provided through the DoSW office.

Primary responders at the time of crises & steps to be followed

	At department level	At hostel Level	At hospital level	Anywhere in campus
Primary responders	Faculty wellness representative/faculty advisor/Branch representative (for students)/ HODs (For faculty/staff)	Bhawan Supervisor/ Bhawan Wellness Secretary/ Bhawan Resi-Warden/Wellness wardens/ chief warden	On duty Medical Staff	Witness (student/ faculty/ staff)
Steps to be followed	1)Activate crises intervention protocol 2)Inform Wellness centre/ Mental Health professional/ ADOWS (SW) 3)Inform concerned hostel chief warden/ Wellness Warden /warden of the hostel of concerned student	1)Activate crises intervention protocol 2)Inform Mental Health professional of the specific bhawan/ mental health professional at wellness centre/Adosw (sw)	1)Activate crises intervention protocol 2)Provide immediate psychiatric consultation 3)Inform wellness centre 4)Inform respective bhawan Chief warden 5)Inform Adosw (sw)	1)Inform Security staff on duty 2)Inform PIC security & admit student to hospital

6. The Bhawan Wellness warden/ Chief warden in consultation with the psychiatrist/ concerned mental health professional shall immediately inform the family about the crisis.
7. The family shall always be encouraged to participate in the treatment of the student and must be informed and educated about the student with sensitivity.

8. The family member/guardians after reaching out to the campus shall be supported and psychoeducated about the health at concern by the mental health professional, preferably by psychiatric social worker/ psychiatric nurse.

4 (b) (iv) Post crisis interventions & administrative support: The institute shall continue to provide the needed support to the student/employee in terms of mental health care, therapeutic sessions, academic/ workplace assistance/relaxation, financial support and social integration to ensure the student/employee be able to sustain themselves with the environment of the institute.

1. The institute shall maintain a non-judgemental, stigma free approach towards the student/employee while assessing their ability to carry out their academic endeavors/ professional role & responsibilities.
2. The institute shall coordinate with the various departments to support students' academic continuity and facilitate accommodation if required.
3. The administration shall remain considerate and facilitate the individual in crisis, like granting extra time for an exam/ course, an extended stipend period.
4. Regular weekly follow-ups with the student/employee must be ensured for at least a month's time post crisis.
5. For students requiring specialized psychiatric care, the institute shall maintain referral linkages with external mental health professionals and hospitals for appropriate medical attention.
6. Utilize the indigenous institutional-designed portal for self-assessment tools and digital forms for reporting distress.

Protocols for specific crisis intervention: see Annexure

5. Referral Mechanism

5.1. The referral mechanism shall operate through four channels to the Wellness centre:

5.1.1. referral by any staff member or student of the institution.

5.1.2. referral by faculty members

5.1.3. referral through academic or administrative offices;

5.1.4. referral by medical or mental health professionals.

5.2. All referrals, irrespective of the source, shall be initially routed to the Dean of Students' Welfare (DoSW). Upon receipt, an acknowledgment confirming the receipt of information shall be issued to the referring (index) person. A trained response team comprising students, professionals, and/or faculty members shall then be activated to assess the concern. Where required, a psychiatric social worker shall also be included in the response process.

5.3. The identity of the individual or agency reporting the incident shall be kept confidential if they choose to remain anonymous.

5.4. After the initial interaction with the concerned individual, the Response Team shall, in accordance with the case-specific Standard Operating Procedure (SOP), forward the referral to the next responsible official or designated mental health professional.

5.5. The details of the action taken shall be communicated through official channels to the individual who provided the information.

5.6. In cases identified as moderate to severe psychiatric illness, the Psychiatrist shall initiate consultation with the Institute Mental Health Committee and the Dean of Students' Welfare (DoSW). Upon obtaining informed consent from the parents or

legally authorized guardians, the case shall be formally referred to a higher centre for specialized treatment, care, and management.

- 5.7.** Alumni of the Institute may access the Wellness Centre for referral facilitation in accordance with established procedures.

Section-III

6. Record Keeping & Information Sharing

- 6.1.** An Institute's Mental Health Committee will be created to address any issues that come under this category.
- 6.2.** Maintaining confidentiality and respecting digital data privacy must remain a priority.
- 6.3.** Staff must work with students in accordance with this policy, within existing professional guidelines, and existing laws, especially MHCA, 2017, and DPDP Act 2023, and be accountable for the lawful basis under which information is disclosed.
- 6.4.** Students need to feel confident that any information they give will be treated with respect and only made available to others on a "need-to-know basis", or to protect a student's vital interests.
- 6.5.** Explicit written/digital consent or permission should be obtained before personal information is shared, and students should be made aware of who will be receiving the information and what information will be communicated.
- 6.6.** In the absence of express written consent, confidential information may only be disclosed when it is required by law, or the disclosure can be justified in the public interest (e.g., a student is deemed to be at risk to themselves or to others), clearly justified on a case-by-case basis.
- 6.7.** Everyone with access to personal data should be aware of their responsibilities and obligations to respect and protect confidentiality, complete all relevant mandatory training, and comply with the existing law and institute guidelines on the storing of personal information.
- 6.8.** The student/staff's mental health data will be recorded regularly by the trained professional, with sufficient objectivity and in clinical language, on a secure, encrypted digital portal.

- 6.9.** The staff will regularly back up the stored data. In case of using the traditional method of recording clinical data, it will be kept in safe and secure custody. The duration of data retention with the institution will be in accordance with applicable existing laws.
- 6.10.** Ensuring that any discussion about a student's mental health is conducted in private. Email communications/ messages should be kept to a minimum, anonymised if possible, and marked as “CONFIDENTIAL”.
- 6.11.** Reporting any unfortunate event in the institute to an outside agency other than a legal agency shall be done only through a designated institute official and in compliance with the institute's protocol and this policy.
- 6.12.** The student’s mental health records may be shared, strictly in the student’s best interests and to enhance the effectiveness of this policy, only among designated mental health professionals and authorized institutional officials who fully understand the sensitivity of such policy.
- 6.13.** Further, a formal communication shall be sent to the “Institute’s Mental Health Advisory Committee” for information and necessary reference and records
- 6.14.** Reporting of any unfortunate event within the Institute to external agencies, other than statutory or legal authorities, may be undertaken only through a designated Institute official and in alignment with the Institute’s vision, communication protocols, and this policy.

7. Monitoring & Review

7.1. An yearly systematic evaluation of the Mental Health Policy will be undertaken periodically in order to ensure the proper implementation and effectiveness of the policy, as well as to identify any gaps and allow for prompt correction action. This task will be shouldered by a Mental Health Monitoring Committee.

7.2. Establishment of a Monitoring Committee:

7.3. An institute-level Mental Health Monitoring Sub Committee under the Mental Health Committee will be established, which will be responsible for assessing the impact of the outreach and prevention programmes, crisis intervention mechanisms, feedback, and case management.

7.3.1. The committee will be chaired by ADOSW(SW). It will comprise atleast 4 members-

7.3.1.1. ADOSW(SW)

7.3.1.2. Senior professional of the wellness centre

7.3.1.3. Team wellness General Secretary

7.3.1.4. Psychiatrist, and/or Psychiatric social worker.

7.3.2. The monitoring will be conducted in September each year.

7.3.3. The monitoring report will be submitted to the Mental Health Committee for the record.

7.4. Reviewing the policy:

7.4.1. The Mental Health Committee of the Institute will review the policy every 3 years or as per existing laws/SC guidelines, to stay abreast with the legal and professional developments in the mental health domain.

7.4.2. The committee will take the appropriate time and consultation with experts/ researchers on the emerging issues on the campus.

7.4.3. The policy, after the review report, with its new and/or omitted inputs, and Director's approval, will be placed on the public forum for suggestions, comments.

7.4.4. The Review Committee shall comprise experts from the field of mental health, law, researchers from the field of gender inclusivity, digital health, addiction and self-harm.

7.5. Collaboration with External Mental Health Establishments:

7.5.1. The Institute will strive to collaborate with National and International Organisations of Mental Health Professionals in order to understand and advance its mental health services while staying attuned to advancements in areas of addiction, suicide prevention, and technology-related psychosocial risk factors.

7.5.2. This may be undertaken by signing Memorandums of Understanding (MoUs) with institutions like NIMHANS, IHBAS, RINPAS ,AIIMS and similar others.

Section-IV

8. Mental Health Service Workforce Framework

IIT Roorkee adopts a **multi-tiered mental health workforce model** as per MHCA guideline.

CORE TEAM FLOWCHART

8.1. Services to be provided by Wellness Centre

- 8.1.1.** Ensure timely access to first-line psychological care
- 8.1.2.** Provide individual psychotherapy and short-term supportive counseling
- 8.1.3.** Biofeedback
- 8.1.4.** Psychological assessments
- 8.1.5.** Early identification assessments
- 8.1.6.** Life-skill training programs
- 8.1.7.** Deliver crisis intervention and suicide risk assessment
- 8.1.8.** Facilitate family liaison when clinically appropriate
- 8.1.9.** Provide referrals for community, governmental, or external mental health resources
- 8.1.10.** Assist with rehabilitation and reintegration following crises
- 8.1.11.** Maintain clinical documentation and outcome monitoring
- 8.1.12.** Reduce crisis escalation through early identification and intervention
- 8.1.13.** Promote academic functioning and psychological resilience
- 8.1.14.** Contribute to campus-wide mental health literacy initiative
- 8.1.15.** Orientation program for new entrants and their parents

8.1.16. Rehabilitative aids and Financial aids to extended PhD scholars

8.1.17. Psycho-educational training modules and awareness workshops

8.1.18. Research & training

8.1.19. *Provide consultation for complex or treatment-resistant cases

8.1.20. Support risk management for acute psychiatric emergencies

8.1.21. Assess psychosocial stressors and environmental risk factors

8.1.22. Address treatment dropout

8.1.23. Strengthen social support systems

8.1.24. Ensure continuity of care beyond campus when required

8.2. Peer Support Volunteers (ARP, SMP and Team Wellness) and Wellness Wardens.

8.2.1. Core responsibilities

8.2.1.1. Act as the first point of contact for peers experiencing distress

8.2.1.2. Promote mental health awareness and destigmatization

8.2.1.3. Facilitate referrals to professional services

8.2.1.4. Participate in outreach activities under supervision

8.2.2. Workload, Capacity, and Quality Assurance

To avoid reactive and crisis-driven service delivery, workforce planning at IIT Roorkee shall ensure:

8.2.2.1. Reasonable clinician caseloads aligned with best-practice recommendations

8.2.2.2. Dedicated time allocation for preventive programs, outreach, and training

8.2.2.3. Recognition of administrative and documentation demands in workload planning

8.2.2.4. Regular clinical supervision, peer consultation, and case review

8.2.2.5. Clear role definitions and ethical boundaries

8.2.3. Training, Supervision, and Interdisciplinary Collaboration

8.2.3.1. Institutional policy shall support:

8.2.3.2. Continuous professional development in evidence-based interventions relevant to student and academic population.

8.2.3.3. Interdisciplinary collaboration among mental health professionals, medical services, academic leadership, and student welfare bodies.

8.2.3.4. Recognition of the contributions of Wellness Centre professionals at the Bhawan and Institute levels may be

incorporated within a “Care of the Carer” framework to support staff wellbeing and professional sustainability.

8.2.3.5. As part of workforce wellbeing initiatives, compassion fatigue among mental health professionals may be addressed through bi-monthly engagement with external professionals.

8.2.3.6. Mental Health Professionals shall be recognised as a high-risk functional group due to the demands of their role, with institutional measures in place to support burnout prevention and professional wellbeing.

8.2.3.7. Institutional frameworks shall emphasise systems-based understanding of critical incidents, ensuring that Mental Health Professionals are supported through transparent review processes and protected from individualised blame in the absence of professional negligence.

8.2.3.8. Regular professional development, supervision, and peer-support mechanisms may be instituted to support clinical quality and professional sustainability.

9. Financing & Resource Allocation

Mental Health Policy implementation will be a collective responsibility of the institute. The institute shall allocate sufficient funds annually to undertake the activities as mentioned in the policy as follows: -

- 9.1.** Mental Health Services - Institute shall allocate funds to hire services from qualified Mental health professionals to maintain the required professionals to targeted population ratio as per MHRD norms/existing laws
- 9.2.** Sensitization & awareness activities - It shall be the primary responsibility of the wellness center, under the aegis of DoSW organization. Funds shall be made available to the Wellness Center as a wellness fund for conducting these activities.
- 9.3.** Early identification & life skill course (through psychological profiling) - It shall be funded by DoSW office at the time of orientation & registration.
- 9.4.** Crisis Management - It shall be taken care of by DoSW, Wellness Centre & Institute Hospital. Funds shall be allocated by DoSW, Wellness Centre and Institute Hospital. The crisis management shall be funded by the Respective Bhawans.
- 9.5.** Capacity Building - It shall be implemented and funded by multiple Departments –

DOAA - Capacity Building of Faculty members

Dean Administration - Capacity Building of Staff members

DoSW - Capacity Building of PoR, Mental health professionals
- 9.6.** Infrastructural and Appropriate Space - In line with the institute's master plan appropriate and sufficient space will be allocated for the Wellness Centre.

The funds related to creation and future extension of facilities will be arranged through the Dean of Infrastructure.

- 9.7.** Research & Clinical training - As the policy in its framework is used through evidence-based practice and data-driven inputs, funds will be allocated to carry out the research work which aligns with the objectives of this policy or as per future necessities, through Dean SRIC. The Wellness Centre shall be provided with soundproof, private infrastructure to ensure student dignity and confidentiality during counseling sessions.
- 9.8.** Support shall be provided to the Wellness Centre's MHPs for enhancing their clinical expertise and knowledge through nationally and internationally recognized Experts/Workshops/ Conference

10. Mental Health Advisory Committee of the Institute

- 10.1.** The institute will establish a committee, called as “Mental Health Advisory Committee of IIT Roorkee”, for a period of four years with revision or reconstitution upon completion of the term.
- 10.2.** Structure - The committee will be chaired by the Dean of Students’ Welfare,
- 10.2.1.** (In case of students): comprising a total of 6 members, which includes ADoSW(SW), one informed (should have lived experience and/or strong interest in mental health) senior faculty member, one senior internal medical professional/psychiatrist, one external mental health professional from the mental health establishment, and two senior internal mental health professionals.
- 10.2.2.** (In case of teaching & non-teaching staff): comprising of Deputy Director, ADoSW(SW), one informed senior non-teaching staff, one informed (should have lived experience and/or strong interest in mental health) senior faculty member, one senior internal medical professional/psychiatrist, one external mental health professional from the mental health establishment, and one senior internal mental health professional.
- 10.2.3.** A specially invited member (such as a medical professional/ from a referred hospital/mental health establishment) can also be included to support informed decision-making, where the individual has taken the treatment after referral from the institute.
- 10.3.** The committee members will meet twice each year, where one of the meetings must be held around 10th October.

10.4. During the emergency, a telephonic meeting or consultation with committee members can be arranged.

10.5. (a) Primary Functions -

1. Ensure the implementation process of this policy for the welfare and mental well-being of the IIT Roorkee community, keeping the safety of life as a priority.
2. Monitor the risks to implementation and provide recommendations to reduce, manage or mitigate those risks.
3. Review and recommend innovative and data-driven promising practices that will benefit the IIT Roorkee community.

(b) Other Functions -

1. The committee will ensure the scrutiny & management of data recording related to mental health, as well as provide advisory services on legal aspects and RTIs related to mental health issues.
2. Records and information pertaining to matters addressed by the Institute's Mental Health Committee may be maintained through secure and confidential processes, with information sharing restricted to authorised members on a need-to-know basis and guided by legal, ethical, and institutional frameworks.
3. Consent-based information sharing may be followed wherever feasible; however, in circumstances of imminent risk or duty of care, limited

information may be shared without prior consent, guided by safety, legality, and ethical responsibility.

- 10.6.** The committee can form an ad-hoc subcommittee for any other purpose, which is aligned with the vision mentioned in this policy, with due information to the Director.
- 10.7.** For the Specific need of sharing information regarding the case, an ad hoc committee, chaired by DoSW, to share relevant information during legal cases or by alumni, as per the provision under the Mental Health Care Act, will be constituted.
- 10.8.** Any sharing of the information related to mental health data, to an internal or external written request, will be submitted to the committee, and the committee will share as per the MHCA, DPDP Act, or any other existing laws.

10. Annexures

IN ALL CASES RELATED TO MENTAL HEALTH- GENERAL INFORMATION FLOW CHART

MODERATE TO SEVERE CASES

Any campus stakeholder (student or staff) observes or receives report

Step 1: Immediate safety & medical care

Condition- a) unconsciousness/severe physical injury/ breathing difficulty

b) violent/uncontrollable behaviour

Undertaking Letter by the Parents

I, ... parent/guardian of student, would like to formally inform that our son/daughter has been experiencing mental health difficulties related to for (time period)

Regarding this we met,

1. Administration
2. Mental Health Professional at Wellness Centre
3. Psychiatrist,

By the above authorities, it was strongly recommended to either stay on campus with our son/daughter or take her/him home to monitor and provide better care for his mental health.

We have also been psychoeducated by the mental health professional regarding our ward's mental health and necessary steps to be taken to ensure safety and support of our ward which includes staying with our ward.

We have decided not to stay on campus, nor are we taking him/her home. We hereby take full responsibility for our ward's mental and physical health. We understand that, henceforth, the institution will not be held accountable for any future issues related to his/her health. We are leaving our ward on campus under our sole responsibility and we ensure that we and our ward will stay in constant contact with mental health professionals.

Signed,

Parent
