85.1	सभी छात्रों के लिए (यूजी प्रथम वर्ष को छोड़कर) शरद ऋतु सेमेस्टर 2020-21 पूरा करने की योजना पर पुनर्विचार करना। To reconsider the Autumn Semester 2020-21 completion plan for all students (excluding UG I year).	1-3
अन्य मुद्दे अध्यक्ष की अनुमति से/Under any item with the permission of the Chair.		

Item No. 85.1: To reconsider the Autumn Semester 2020-21 completion plan for all students (excluding UG I year).

The IAPC in its 95th meeting held on 09.12.2020 and 11.12.2020 deliberated upon the proposal to conduct an online End Term Examination (ETE) for all students excluding UG I yr due to non-feasibility to conduct physical ETE in present pandemic scenario. The IAPC suggested few modifications. The modified proposal is placed at **Appendix A.**

The above is submitted for the consideration and approval of the Senate.

Appendix-A
Item No. Senate/85.1

Proposed Model for Conducting Online Examination for the Autumn Semester 2020-2021 All Students (Excluding UG I Year)

As per the Senate approved Semester Completion Plan for the Autumn Sem 2020-21, the students (excluding UG I Year) are supposed to return to the campus in the month of Jan 2021 to appear in the conventional off-line End Term Examination (ETE) during Jan 20– 29, 2021. Since the situation is still not conducive for the mandatory return of all the students to the campus, there is a need to revisit the mode for conducting ETE / schedule of the ETE.

An online examination seems to be the most suitable option available with the institute in the present scenario for all the students (excluding UG I year). At the same time, it is also necessary to ensure the effectiveness and fairness of the online examination. In this regard, the following points are suggested for the completion of **Autumn Sem 2020-21 for all students (excluding UG I Yr):-**

1. The End Term Examination (ETE) to be scheduled as per the earlier declared Semester Plan i.e. from Jan 20 to Jan 29, 2021.
2. The ETE to be conducted in an inhouse online mode, preferably using MS Forms, Google Forms, Moodle, Open book etc. with appropriate proctoring mechanism using MS Team, Webex, Zoom etc.
3. To proctor the exam, students may be advised to turn on the video of their device and one proctor (TA/ Faculty) may be assigned every 15-20 students or Tutorial Batches. The course instructor should ensure the fairness of the examination to his/her own satisfaction.
4. In order to improve sanctity of the examination, the following ways may be adopted while preparing the question papers:
 - (i) A sufficient number of sets of question papers may be prepared depending on the size of the class.
 - (ii) Each set may have different but equivalent questions.
 - (iii) The sequence of questions in a particular set may be randomized.
 - (iv) The questions can be MCQs and/or subjective type.
 - (v) In MCQ type questions the sequence of options may also be randomized. It may also be asked to write the reason for selecting a particular option. Additionally, if possible, the questions may be opened in batches with time bound validity.

- (vi) All the examinations should be limited to two hour duration only.
5. It is important to note that video proctoring may be difficult if the bandwidth is not sufficient to support live camera streaming (say less than 512 kbps). To avoid this, students not having adequate infrastructure can visit and stay at IITR Greater Noida Extension Campus to appear in the online examination.
6. Before every examination, the students will be asked to submit an undertaking that "I agree to uphold the highest standards of academic integrity during this online examination. I will neither seek external help from any source or any other examinee, nor provide help to any other examinee appearing in this examination. I understand that any unfair or unethical conduct can lead to disciplinary action against myself".

Item No. 85.2 : To consider the mercy appeal of Mr. Sunil Kumar (En. No.12918025), ex-Ph.D. student, Department of Electrical Engineering., to re-join his Ph.D. program (in the light of the decision of Hon'ble High Court of Uttarakhand).

- (i) Mr. Sunil Kumar was admitted in the Ph.D. program on 06.02.2013 with Institute Assistantship.
- (ii) He changed his status from full-time to part-time to join a job w.e.f. 10.11.2014 and was relieved from IIT Roorkee.
- (iii) Academic registration was cancelled on 12.12.2014 as he failed to submit NOC from his organisation.
- (iv) Got NOC dated 19.6.2020 from his parent organization and requested to IITR to continue his Ph.D. program.

His mercy appeal was discussed in the 40th IRC meeting dated 08.08.2020. The IRC did not recommend his mercy appeal. Recommendation of IRC was placed before the Chairman, Senate for consideration and approval on behalf of the Senate. The Chairman Senate, on behalf of the Senate, approved the recommendation of IRC and the decision was intimated to Mr. Sunil Kumar vide letter dated 27.08.2020 **(Appendix-A)**.

Now, the Hon'ble High Court of Uttarakhand, in Writ Petition filed by Mr. Sunil Kumar against IIT Roorkee in 2016 has delivered the following judgement:

"The writ petition is disposed of with liberty to petitioner to make representation to SENATE of IIT Roorkee, through its Registrar, within two weeks from today. If such a representation is made within stipulated period, the Registrar, IIT Roorkee shall place the same before the SENATE in its next meeting and the SENATE shall consider the matter and pass appropriate order, in accordance with law."

On the basis of the decision of the Hon'ble Hon'ble High Court dated 01.09.2020 **(Appendix-B)**, Mr. Sunil Kumar has submitted his representation to the Senate through the Registrar via email dated 07.09.2020 **(Appendix-C)** to allow him to continue his Ph.D. program.

The above is submitted for the consideration of the Senate.

(Evaluation)

Copy through email to:

1. The Director, IIT Roorkee.
2. Head, Deptt. of Electrical Engg.
3. Chairperson-DRC, Deptt. of Electrical Engg.
4. Dean of Academic Affairs.
5. Assoc. Dean of Academic Affairs (Evaluation).
6. Prof. Bhavesh Bhalja, Deptt. of Electrical Engg.
7. Student File.

WPMS No. 1471 of 2016

Hon'ble Manoj K. Tiwari, J.

Mr. H.M. Bhatia, Advocate for the petitioner.

Mr. Vipul Sharma, Advocate for the respondent.

Heard learned counsel for the parties through video conferencing.

Petitioner was appointed as Assistant Professor in College of Engineering and Technology, Bikaner. Petitioner applied for admission in Ph.D. Course in I.I.T., Roorkee and, after appearing in written test followed by interview, he was declared successful. Thereafter, he applied for NOC to his employer i.e. College of Engineering and Technology, Bikaner, however, NOC was refused.

Petitioner, thereafter, filed a Civil Suit and, pursuant to an interim order passed in the said suit, petitioner was granted NOC provisionally, subject to the condition that, if the President, Governing Council, rejects petitioner's prayer for NOC, then petitioner shall not pursue Ph.D. Course and he will not claim any right based on the provisional NOC. On the strength of provisional NOC, petitioner was given admission in Ph.D. Course by I.I.T. Roorkee.

Learned counsel for the petitioner submits that I.I.T., Roorkee vide order dated 10.11.2014, converted petitioner's Ph.D. Course from full time to part-time, consequently, petitioner resumed his duties in College of Engineering and Technology, Bikaner on 11.11.2014.

It transpires that B.O.G. of College of Engineering & Technology, Bikaner rejected petitioner's request for N.O.C. and, consequently, I.I.T. Roorkee vide order dated

12.12.2014 cancelled enrollment of the petitioner as Research Student. Thus, feeling aggrieved, petitioner approached this Court mainly challenging the cancellation of his enrollment by I.I.T. Roorkee.

Learned counsel for the petitioner had made a statement that College of Engineering & Technology, Bikaner has now been converted into University College of Engineering & Technology, Bikaner and the present employer has granted N.O.C. to the petitioner on 19.06.2020.

Based on the statement made by learned counsel for the petitioner, Mr. Vipul Sharma, learned counsel for the respondent, was asked to get instructions regarding the decision taken by the Institute Research Committee of I.I.T. Roorkee on the NOC issued by the present employer of the petitioner, which was forwarded by Dean, I.I.T. to Institute Research Committee.

Today, on instructions, Mr. Vipul Sharma, Advocate submits that petitioner's request for re-registration as a Ph.D. Scholar was rejected by Institute Research Committee on 08.08.2020 and the said decision of the Institute Research Committee has been placed before SENATE of the Institute and the same shall be considered by the SENATE in the next meeting.

Learned counsel for the petitioner submits that petitioner's research work is nearing completion and he would complete his research within six months and also in view of the fact that petitioner's present employer has already issued N.O.C. in his favour, petitioner may be permitted to make representation to the SENATE and the SENATE be asked to take decision in the matter sympathetically.

Learned counsel for the respondent submits that if petitioner is permitted to make a representation, then the same shall be considered by the SENATE in its next meeting.

Having regard to the facts & circumstances of the case, the writ petition is disposed of with liberty to petitioner to make representation to SENATE of I.I.T. Roorkee, through its Registrar, within two weeks from today. If such a representation is made within stipulated period, the Registrar, I.I.T. Roorkee shall place the same before the SENATE in its next meeting and the SENATE shall consider the matter and pass appropriate order, in accordance with law.

Associate Dean Academic Affairs (Evaluation)

Please peruse attachments with this trailing email from Mr. Sunil Kumar, who was registered for Ph.D. programme (enrollment No. 12918025). Registration was cancelled due to non submission of NoC from his employer. He filed a case in the High Court. The order of the High Court is as under:

"Registrar IIT Roorkee shall place the same (his representation) before the SENATE in its next meeting and the SENATE shall consider the matter and pass the appropriate order, in accordance with the law".

An agenda item be sent to place in next meeting of Senate.

Subject:-To reinstate PhD enrolment 12918025 Electrical Engineering Department

Respected sir

It is humbly stated that

26.10.12	I Applied for pursuing research work leading to award of PhD degree at IIT Roorkee as MHRD candidate(not on sponsored seat)
10.12.12	Appeared in written test and interview and qualified
18.12.12	Offered admission on MHRD seat vide letter dated 18.12.12 of IIT Roorkee
30.01.13	Relieved to Join PHD programme at IIT Roorkee by Employer GCET,Bikaner in compliance of court order
10.11.14	Status of my PhD Program changed from full time to part time and relieved from Department Of Electrical Engineering with a direction to join duties at GCET,Bikaner
11.11.14	joined duties at GCET,Bikaner
12.12.14	IIT, Roorkee vide their letter No.243 dated 12.12.2014 in response to letter of GCET,Bikaner dated 11.11.2014 has cancelled my enrolment
	After Many court cases ,delays and after college converted to university
19.06.2020	Noc issued by hon'able principal
20.06.2020	Hon'able Vice Chancellor Bikaner Technical university requested via Email to Hon'able Director IIT Roorkee to Reinstate my Enrollment 12918025 to continue for PhD
01.08.2020	Honable High court of uttrakhand ordered me to make

representation to SENATE of I.I.T. Roorkee, through its Registrar

It is again humbly stated that i have already completed courses below and candidacy was awarded

S.N.	Subject/course/Exam	credits

Item No. 85.3: To consider online re-examination for the Spring Semester 2019-20.

As per the Spring Semester 2019-20 completion plan, a student who obtains a pass letter grade may opt for a S grade (with no grade point) or appear in a re-examination (if the course has a lecture component). In addition, a student who obtains the fail grade in a course will also be allowed to appear in the re-examination. The re-examination of final year students of 2019-20 has already been conducted. However, the re-examination of other students is pending. It is proposed to conduct an online re-examination for Spring Semester 2019-20 before the ETE of the Autumn Semester 202-21.

The proposal is submitted for the consideration and approval of the Senate.

Item No. 85.4: To consider the application of Praveen Badvath, a B.Tech. (MME) student of IIT Ropar seeking transfer to IIT Roorkee.

Praveen Badvath completed the preparatory course from IIT Roorkee in 2018-19 after which he got admission in B.Tech. (MME) at IIT Ropar. As per his application (**Appendix-A**) he has adjustment disorder and cannot adjust to the new environment/place without family members or close friends support. He has requested for transfer to IIT Roorkee. The relevant documents from IIT Ropar and IIT Roorkee are given at **Appendix-B**.

The above is submitted for the consideration of the Senate.

To,
The Director
Indian Institute of Technology Roorkee
Roorkee, Uttarakhand.

Rupnagar.

Respected Sir,

Sub: Request for the transfer.

I am Proveen Badavath, studying metallurgy and material Engineering in IIT Roorkee.

I have completed my preparatory course from IIT Roorkee in the year 2018-2019. After joining IIT Roorkee I have been facing lot of adjustmental problems. I have consulted IIT Roorkee's counselor and a psychiatrist to resolve my problems. psychiatrist stated that I have Adjustment Disorder and cannot adjust to new environment/place without my family member's or close friends support. He advised me to shift back to Roorkee to feel safe and comfortable. I have tried my best to adjust in IIT Roorkee campus but I couldn't. All these five months I was very depressed, couldn't concentrate, lost interest in surroundings as well as in studies. I have lost confidence and faith in my future. my parents are very worried about my health and future as suicidal cases are increasing.

while I was in IIT Roorkee my close friends and family members supported me to adjust. During my preparatory course I was mentally stable and happy. I would be very grateful if you can accept my transfer and allow me to continue my B.Tech in IIT Roorkee.

Thanking you

Yours faithfully
Proveen Badavath

Date: 13-01-2020

To,

**The Director,
IIT Ropar**

Subject: Opinion & Recommendation for the student (Mr. Praveen Badvath)

This is in reference to the current mental health status of the student Mr. Praveen Badvath, we would like to share our opinion, which is as follows:

The Student Mr. Praveen Badvath, S/O Sh. Kishan Naik Badavath, 18 years old boy currently studying in B. Tech Metallurgy and Material Engineering (1st year), staying in Chenab Hostel, brought up for consultations and counseling's with the presenting complaints of – difficulty in adjusting with the environment, ideas of being alone, fear of separation and staying away from parents, crying spells, sadness of mood, declining in academics and losing interest in studies, not contacting with others and poor social contacts, restlessness, and impaired socio-occupational functioning's, for last six month. with insidious onset, continuous course, deteriorating progress, with predisposing traits of poor adjustment mechanism with the new surroundings and positive history of adjustment issues followed by psychiatric treatment (attached).

On Mental Status Examination he was found to be well kempt and tidy, voice & speech was normal, motor behavior was restless, affect was anxious, attention was difficult to aroused, and memory was intact, with present orientation, and average Intelligence.

Impression: F 43.2 (Adjustment Disorder with predominant disturbance of other emotions)

Recommendations:

- Parents need to be communicated about his current health conditions.
- Reviewing his current clinical conditions and academic fall down we recommend him to stay under the close supervision of family members.
- Staying without parental care, may deteriorate his mental health conditions further.
- He may further, follow the professional assistance of Psychiatrist & Counselor/Clinical Psychologist for the needfulness.

Dear Sir,

Subject: Request for the transfer of campus.

With due respect I Kishan Badavath father of **Praveen Badavath**, who is studying Metallurgy and Material Engineering in IIT Ropar, **Enrolment Number-2019MMB1331**. Here, I want you to know the purpose of my son's transfer.

My child has completed preparatory course from IIT Roorkee. During his period in Roorkee he was active and happy but now he is mentally unstable and unfocused. We have taken him for a psychiatric consultation to oversee. Psychiatrist have stated that he is suffering from **Adjustment Disorder** and cannot adjust to the new environment without his family member's presence. Though he has gone for medication as well as counselling, we haven't seen any growth or improvement, he is often getting depressed and taking too much of stress. Due to these reasons he is unable to do well in the exams and worried about the future. Psychiatrist suggested that the **relocation is mandatory** and he should be supervised regularly by his family members and close friends. A medical report which was filed by the doctor is being attached to refer and confirm my son's mental condition. As we can see, suicidal cases are escalating nowadays and this bothers us a lot. We are worried about his health and future.

I kindly request you to consider my appeal and help him to transfer him from IIT Ropar. I would be very grateful if you can approve this and that would mean my son can go on with his academics without any hindrance.

Thanking you

Yours sincerely

**The Director,
IIT Ropar**

Subject: Opinion & Recommendation for the student (Mr. Praveen Badvath)

This is in reference to the current mental health status of the student Mr. Praveen Badvath, we would like to share our opinion, which is as follows:

The Student Mr. Praveen Badvath, S/O Sh. Kishan Naik Badavath, 18 years old boy currently studying in B. Tech Metallurgy and Material Engineering (1st year), staying in Chenab Hostel, brought up for consultations and counseling's with the presenting complaints of – difficulty in adjusting with the environment, ideas of being alone, fear of separation and staying away from parents, crying spells, sadness of mood, declining in academics and losing interest in studies, not contacting with others and poor social contacts, restlessness, and impaired socio-occupational functioning's, for last six month, with insidious onset, continuous course, deteriorating progress, with predisposing traits of poor adjustment mechanism with the new surroundings and positive history of adjustment issues followed by psychiatric treatment (attached).

On Mental Status Examination he was found to be well kempt and tidy, voice & speech was normal, motor behavior was restless, affect was anxious, attention was difficult to aroused, and memory was intact, with present orientation, and average Intelligence.

Impression: F 43.2 (Adjustment Disorder with predominant disturbance of other emotions)

Recommendations:

- Parents need to be communicated about his current health conditions.
- Reviewing his current clinical conditions and academic fall down we recommend him to stay under the close supervision of family members.
- Staying without parental care, may deteriorate his mental health conditions further.
- He may further, follow the professional assistance of Psychiatrist & Counselor/Clinical Psychologist for the needfulness.

Medical Officer

Following are the recommendations of Psycharist of IITR to which our counsellors also agreed.

In my opinion, I feel as per the information received, the student should be asked to stay with family members in the Ropar campus or should be asked to take medical leave and stay at hometown till his condition improves and if even then migration is necessary, other IIT which is closer to his hometown should be preferred.

Subject: Fwd: Reg- Transfer of Student Mr. Praveen Badavath from IIT Roorkee to IIT Ropar on medical ground

-23-

Dear Prof. Barua,

Based on the profession judgment (below) of Dr. Jeetinder Singh and opinion of the counselors, it is advised to the student to either stay at IIT Ropar or move to a IIT closer to their home town.

Best Regards
Kiran

Dear Sir
Counsellors discussed this matter with Dr Jeetinder Singh on 14th Feb 2020.
These questions were collectively generated.
We all are agree on the same.
Regards
Counsellors

After going through the previous mails and documents provided, I would like to raise following points:

-24-

- 1. The diagnosis of adjustment order was made in July, since then whether he is on treatment or not? (As only one prescription slip dated in July has been provided)
- 2. What other approaches apart from medicines have been made? Whether family member were asked to stay with the student or not? Or patient asked to take medical leave.
- 3. After migrating to IIT Roorkee, the student will again face issues that can affect his mental health as he has to again re-adjust here among new people, new hostel etc. as most of the students would have gone who were there when he was in IIT Roorkee in 2018. (One cannot guarantee that he will improve after shifting to IIT Roorkee)

In my opinion I feel as per the information received, student should be asked to stay with family members in the Ropar campus or should be asked to take medical leave and stay at hometown till his condition improves and if even then migration is necessary, other IIT which is closer to his hometown should be preferred.

Regards,
Dr. Jeetinder

(i) Counselors and psychiatrist : With reference to the email forwarded below and the attachment, in a meeting yesterday it was decided to request the counselors and psychiatrist to frame some questions to ask IIT Ropar (e. g. the recommendations in the file could be converted into queries pointed at IIT Ropar inclusive of whether the student's parents are currently living with him) as regards the student, current measures taken to provide him support, etc. The idea is that IIT Roorkee has to be extremely wary of permitting transfer of students with known history of psychological issues. We are trying to figure out the real reason why IIT Ropar wishes to transfer such a student to IIT Roorkee.

(ii) Team Wellness : Krishna, Kindly get in touch with the student community from Andhra/Telangana asking them - do not share this email and attachment - whether they know about this student and if so how he was during his stay in IITR as a preparatory course student and if he had any issues.

Thanks.
