

Bharat Singh Memorial Lecture in Hydrology

“Low-Tech Water Treatment Technology for Producing Safe Water”

Prof. Edward McBean

Water Resources Engineering, University of Guelph

Date: June 07, 2023 || Time : 10:30 AM

Venue: Biotech Auditorium 📍

Dr. Edward McBean is a Professor of Water Resources Engineering at the University of Guelph. Ed received his BSc at the University of British Columbia in 1968 and his degrees of S.M., C.E., and PhD. from M.I.T. in 1970, 1972 and 1973 respectively. Ed has received many awards including being a Canadian Academy of Engineering, a Diplomate of Water Resources Engineering for American Society of Civil Engineers. Ed has published more than 425 papers in engineering journals.

Organizer: Department of Hydrology
