

AI4Water

Advanced Data-driven and Artificial Intelligence Tools in Water Resources

(Under the KARYASHALA Scheme – A SERB initiative)

 20 - 26 August 2023

 Department of Hydrology, IIT Roorkee

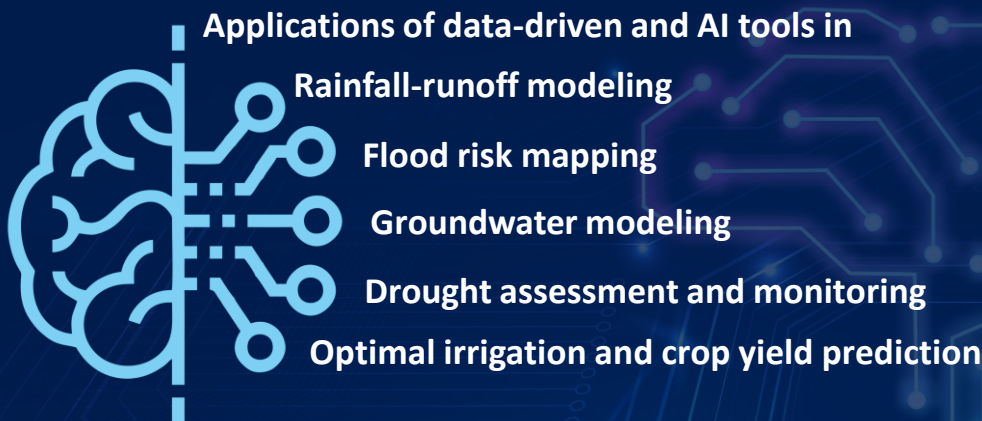

Lectures

Hands-on Tutorials

Discussion Sessions

About the workshop: AI4Water is a comprehensive training program that provides participants with a deep understanding of the latest data-driven and artificial intelligence techniques and tools in the field of water resources. The program will be led by experienced water resources experts. Participants in the AI4Water workshop will have the opportunity to network with other professionals in the field of water resources, sharing experiences, and best practices.
