MEMORANDUM OF UNDERSTANDING

In an effort to continue to develop and expand international cooperation, Oklahoma State and Partner University enter into this general agreement to pursue cooperative activities based on equity and mutual benefit of both parties. Such activities may involve the areas of instruction, research, and outreach, and may include various forms of exchange among students and faculty within the two institutions. The two institutions shall negotiate any specific initiatives developed under this Memorandum of Understanding. Details of program content and attendant financial arrangements shall be clearly outlined in a separate document, which will be entitled Memorandum of Agreement and will be signed by appropriate authorized institutional officials.

The terms of this Memorandum shall begin on the date of signature by both parties and shall continue in effect for a period of five years after the date of the last signature, or until either of the parties expresses in writing to the other a desire to terminate. Such termination shall have no effect on any outstanding obligations contractually agreed upon between the parties in the Memorandum of Agreement. In the event that discrepancies arise between this document and any translation of it to a language other than English, this English version shall prevail.

The signatures affixed below attest to the commitment of both institutions to the development of intellectual capital and to the preparation of a citizenry empowered to meet the challenges of the global environment in which they must live.
